ATISH DIPANKAR UNIVERSITY OF SCIENCE & TECHNOLOGY (ADUST)

2nd Convocation, 15 May, 2017

Message

01 Jaisho 1424
15 May 2017

I am pleased to learn that Atish Dipankar University of Science & Technology is going to hold its 2nd Convocation on 15 May, 2017. On this auspicious occasion, I extend my sincere felicitations to the graduating students, their parents, faculties and the University as a whole.

University is a unique centre of higher learning and research around the world. It produces capable graduates and creates new knowledge through research and innovation. Considering the need of the time, university imparts quality education based on state-of-the-art curricula and provides extra-curricular activities with a view to flourishing the innate quality of the students so that they can face global challenges efficiently. The world is now very challenging and competitive. Against this backdrop, I believe, quality education is the lifeline of higher education to copy with the present scenario. Keeping that in mind, I urge the university authority both private and public, to ensure world standard education for the sake of nation as well as for the entire mankind.

Nowadays, the whole nation is anxiously observing that some students from higher to tertiary level are becoming misguided by vested quarter and involving with the subversive activities such as extremism and terrorism in the name of religion. This should be stopped for the sake of nation and generation to come as these heinous activities do never support our rich traditional values and ethos. Extra-curricular activities including free-thinking, manifold club events, sports and cultural activities can help students to refrain from doing such untoward activities. I urge teachers, board of management and above all students to come forward collectively to make a happy and prosperous Bangladesh that was dreamt by father of the Nation Bangabandhu Sheikh Mujibur Rahman.

The degree that has been conferred upon the graduating students today is not just a piece of paper, rather it is a window of opportunity for acquiring higher studies and putting their talents in this competitive world and harnessing the fruits of hard-earned education. I am confident that the graduating students of Atish Dipankar University of Science & Technology will devote themselves to bring about a prosperous Bangladesh imbued with the sense of patriotism and dedication. I wish the graduating students a very bright future.

I wish the 2nd Convocation of Atish Dipankar University of Science & Technology all success.

Khoda Hafez. May Bangladesh Live Forever.

Md. Abdul Hamid

I am very glad to learn that the 2nd convocation ceremony of Atish Dipankar University of Science & Technology (ADUST) is going to be held on 15 May 2017. On this auspicious occasion, I would like to extend my heartfelt congratulations to the graduating students, their proud parents and the University authority.

I have been informed that the ADUST has been pursuing excellence with unrelenting efforts to improve and strengthen its academic programmes and services to make it relevant and responsive to the needs of the time.

Our Government is committed to ensuring better teaching and learning environment, governance and student welfare with the objective to attain desirable quality education in comparison with internationally recognized universities. I believe ADUST is producing resourceful and potential graduates whom the nation can be proud of.

I wish the 2nd Convocation of this University a grand success.

Nurul Islam Nahid, M.P

I feel delighted to know that Atish Dipankar University of Science & Technology (ADUST) is going to celebrate its 2nd Convocation Ceremony on 15 May, 2017. I extend my felicitations to the graduating students, the faculty members, the university administration and the ADUST Trust on this auspicious occasion.

The main objective of a university, irrespective of public or private, is to enlighten students with proper education by awakening their talent potentialities, developing their intellectual faculty and enhancing their skills. By attaining the goal, a university can contribute to developing human resources in different fields of knowledge and expertise for a country and for the globe. I firmly believe that ADUST has been working towards the purpose since its very inception.

I heartily congratulate the newly graduate who are being conferred with the well-deserved degrees, and hope that in their professional career they will make all-out endeavors to apply their knowledge and skills they have pursued at ADUST.

I wish the Convocation all success.

Md. Sohorab Hossain

I am extremely delighted to know that the 2nd Convocation of Atish Dipankar University of Science & Technology is going to be held on 15 May 2017. I am confident that it is a great occasion for the University students. Atish Dipankar Foundation has established the University to commemorate the memories of that great son of this soil who has born in 980 AD in a village named Vajrayogini of Bikrampur now under Munshigonj District.

I would like to congratulate the new graduates of the University who would be conferred upon degrees on this memorable day. I would also like to urge upon the new graduates when they will enter into different areas of work to bear in mind the memories of Sreejnan Atish Dipankar who devoted all his life in pursuing knowledge and used that for the benefit of mankind and the country.

I wish the 2nd Convocation of Atish Dipankar University of Science & Technology a grand success.

Prof. Dr. Anwara Begum

A Brief History

Atish Dipankar University of Science & Technology, a private university in Bangladesh is established by a group of philanthropists, industrialists, bureaucrats and academics through the initiative of Professor Dr. Iajuddin Ahmed. The Government of the People's Republic of Bangladesh approved the establishment of Atish Dipankar University of Science & Technology in 2004 under Private University Act-1992.

The vision of the university is to turn it into a university of all classes of students irrespective of class, caste and creed and to be recognized as a center of excellence in higher education of South Asia. The ultimate objective is to attract brilliant, poor and deserving students, scholars and researchers and scientists from home and abroad, particularly from those in the South Asia region. The mission of the university is to produce highly skilled manpower, visionary leaders and enlightened citizens. The said mission is expected to achieve by imparting quality high education and training and by conducting useful research so that individuals can achieve their intellectual, social and personal potentials.

The university is run by a number of statutory Boards and Committees as required under the provisions of the Private University Act-1992. The Board of Trustees (BoT) provides policy guidelines and approves the university budget. The BoT is headed by the Chairman elected by its members. Professor Dr. Anwara Begum is the current Chairman of the BoT. She is also the first Chairman of the Board of Trustees and founder Vice-Chancellor of Atish Dipankar University of Science & Technology. The management runs the administration of the university within the policy guidelines provided by BoT which provides the overall policy of the university.

The university follows North American system of education regarding semesters, credit hours, letter grades and examinations policy etc. Its curricula when first introduced were reviewed by relevant departments of University of Illinois, Urbana-Champaign and University of California at Berkeley, USA and duly approved by the UGC. The academic programs are continually updated and adapted to meet the local needs.

The university is accredited by the Government of the People's Republic of Bangladesh and its curricula and programs have been approved by the Bangladesh University Grants Commission. The Honorable President of the People's Republic of Bangladesh is the Chancellor of the university. The Vice-Chancellor,

The Pro-Vice Chancellor and The Treasurer are the appointees of the President of the country in his capacity as the Chancellor of the universities.

The university has its own campus situated at Sector # 15, Khantek, Uttara, Dhaka-1230. Alongside the city campus of the university is located at House # 83, Road # 04, Block-B, Banani, Dhaka-1213.

Vision

The vision of ADUST is multi-faceted and multifarious. ADUST looks beyond stereotypical periphery. It seeks to keep pace with the fleeting time and technological advancement. Creation of new jobs and invention of new methods of learning are its principal dream. It strives to impart future-proof education to its pupils. ADUST believes that without sound knowledge in any discipline, all-out progress will not be achievable.

It wishes to employ its total means and energy to root out the curse of unemployment and prevent social regression. ADUST visualizes attaining of social and economic emancipation, removing gender disparity and producing befitting employments for its students. ADUST dreams of better and sustainable future for the whole nation.

Mission

ADUST was established in 2004 with the sole aim of spreading and disseminating higher education in Bangladesh. To achieve this end, ADUST aspires to be one of the top-ranking universities amongst other higher educational institutions. It has been equipped with modern educational gadgets to facilitate imparting of education to the learners. A galaxy of qualified teachers embellishes each and every department of ADUST. It is committed to spread marketable education on Commerce, Science and Arts disciplines. The salient missions of ADUST's are:

- To spread quality education;
- To be one of the Top-notch Universities in the country;
- To impart money-worth and value-added knowledge to the students;
- To generate demand for ADUST degree holders in the competitive job markets;
- New invention through research works.

Chancellor's Awardees

BoT Chairman's Awardees

Hon'ble Members of Board of Trustees

I am happy to know that Atish Dipankar University of Science & Technology (ADUST) is going to hold its 2nd Convocation on 15 May 2017. On this occasion, I would like to congratulate the graduating students, their parents, faculty members and the university authority.

The Awami League government has given utmost priority on higher education to facilitate country's socio-economic development. In this regard, we adopted a modern, scientific and time-befitting Education Policy to ensure quality education. We enacted Private University Act-2010 to boost up higher education facilities. Since 2009, the government established 8 public universities and gave permission to set up and operate 42 private universities. Private universities have become an integral part of our government's endeavours to build a knowledge-based society.

I believe that the graduating students of ADUST will play a vital role in building a 'Sonar Bangla' as dreamt by the greatest Bangalee of all time, Father of the Nation Bangabandhu Sheikh Mujibur Rahman.

I wish the 2nd Convocation of Atish Dipankar University of Science & Technology a grand success.

**Joi Bangla, Joi Bangabandhu
May Bangladesh Live Forever.**

Sheikh Hasina

It is indeed a great pleasure to learn about the 2nd Convocation of Atish Dipankar University of Science & Technology (ADUST) Dhaka. I am privileged and honour to extend my sincerest congratulations to all graduating students and their proud parents. I would like to take this opportunity to congratulate all those who steered the University to achieve the present success and credibility in the academic arena of Bangladesh.

I wish the graduating students a great success in their life and careers and the 2nd Convocation of Atish Dipankar University of Science & Technology (ADUST) a great success.

I am delighted to learn that Atish Dipankar University of Science & Technology (ADUST) is going to hold its 2nd Convocation on 15 May, 2017. On this auspicious occasion, I would like to extend my heartiest congratulations and felicitations to the graduating students, their proud parents, the faculty members and the university authority. At present private universities are integral part of higher education of Bangladesh and making substantial contributions to infuse knowledge and skills to the graduating students who, in turn, are advancing the economic and social development of the country. However, education without quality, mission, vision and sound objectives is just an instrument of personal gratification. I believe that Atish Dipankar University of Science & Technology is well aware of this and moving in the right direction to produce skilled and accomplished manpower by imparting quality education since its inception. I wish 2nd Convocation of the university a success.

Professor Abdul Mannan

Convocation marks an important milestone for a university. Convocation day is no doubt a joyful and memorable event to the graduating students for which they have been waiting for fulfillment of their cherished aspiration in their life. I am very happy to be a part of this auspicious moment with you all.

It is a great pleasure for all of us who are associated with ADUST to get involved with this 2nd convocation of the Atish Dipankar University of Science and Technology (ADUST). In this august occasion I would like to congratulate all the students who will be awarded and graduated today and who have achieved this success through their devotion, hard working, diligence and patience. On this day I would also like to congratulate parents and guardians who reposed their confidence in us. I extend my sincerest thanks and facilitation to all teachers, management staff, members of the university trustee board and the academic council members and syndicate members for providing us with their supports and collective efforts.

ADUST has been trying to play an effective role in creating potential human resource in the arena of science and technology and other social sciences. ADUST begins its journey in the year 2004 with a challenge to provide quality higher education to the meritorious students of this country at an affordable price and also provides special financial assistance to the meritorious but poor students. With this vision till 2017 it has made a steady progress over the last 12 and half years and now in full swing with more than 3000 students. In the meantime we have started classes of few courses in our permanent campus at Uttara. ADUST feels proud with a difference which bears the memories of the great scholar and sage of the 11th century Sreejnan Atish Dipankar, a great son of this soil.

Our country faces myriad of development challenges and I am confident that our graduates will play an important role in addressing and solving these problems, leading the socio-economic development of the country. Besides, with the knowledge, skill and the spirit of enquiry along the zeal for acquiring new knowledge, which our university has tried to imbue among our graduates, have made them potential human resources. I hope they will be able to prove their worth and provide leadership in various fields, not only in Bangladesh, but also in other parts of the world.

I again extend my heartiest congratulations to all our graduates who have successfully crossed one of the most difficult academic hurdles in their lives.

(Professor Md. Nazrul Islam Khan, Ph.D)
