## Doesn't Want to be in Sanjay's Biopic

The shooting for Sanjay Dutt's biopic is going in full swing and has become one of the most highly anticipated films of next year, mostly due to Ranbir Kapoor playing Sanjay Dutt and sharing an uncanny resemblance to him. The biopic will not only be based on his professional life but also the ups and downs of his personal life. Dia Mirza will be playing the role of his wife, Manyata Dutt, and Sonam Kapoor will play an amalgamation of his girlfriends in the 90s. However, rumors have it that Madhuri Dixit, who was supposedly dating Sanjay Dutt back in the 90s, has

approached Raj Kumar Hirani to leave any link of her to Dutt out of the film. Raj Kumar Hirani has also adhered to that request. Madhuri and Sanjay were one of the 'it' couples of Bollywood in the 90s, however, reports state that she eventually broke up with Dutt due to his drug addiction and relations to the arms case.

Although they never confirmed their relationship, it sounds like Madhuri still isn't comfortable with admitting the truth even after decades!
