

NOTICE

Looking forward

Acknowledging our patrons and their needs during Ramadan and EID; Star Lifestyle will be printing valuable weekly content from May 23.

Every week, the special supplement will include revelatory information on everything and anything that is analogous to Ramadan and Eid.

NEWS FLASH

MIB Summer Meet-up

After an eventful and successful Spring Meet-up in their Dhanmondi office, MIB, popularly known as Made in Bangladesh had their successful Summer Meet-up in Clay Station on 18 and 19 May.

MIB is specialising on making a change in the way we carry our bags on a daily basis. Their design is unique and they have a taste that matches no one in this business in Bangladesh as yet. This time around MIB unleashed their studio and designer series along with student series bags. They had 10 percent discount on their products that were on display.

The Summer Meet-up had participants like Clay Station, 6 Yards Story, Meehee, Hems & Hues, Hoang

Hence, please do keep a look out for amazing content in the issues to come, ranging from Beauty Kit selection ideas, handy Ramadan recipes to chic hair-styling ideas for 2017.

Here's to weeks of entertaining and fulfilled days ahead!

3D Jelly Cake and Junk Studio. Each of the participants had their own creative style. Clay Station had a live session on pottery. Another interesting participant was Hoang Cake. They had some amazing and tasty jelly cakes in a 3D format. This is a new concept in Bangladesh.

The crowds made the MIB Summer Meet-up very vibrant. They kept the place busy and happening and that is exactly what you want and hope when you have such a colourful event.

MIB's events always feature the innovation and creativity of the participants, which, in turn, never fails to inspire us!

REVIEW

Phulki brings Toddlers

Founded by Suraiya Haque along with friends who shared a common vision, Phulki was established to help disadvantaged children grow in a secure, healthy environment with proper education to prepare them for the future.

Phulki set up its first day care centre in an RMG factory in 1991, and so far is has established 22 factory-based day care centres and 82 community-based day care centres. Located in Mirpur, "Toddlers" is its first commercial venture.

In today's world where women are entering into the workforce in ever increasing numbers, some parents are forced to leave their children at home to be supervised by maids, and often — elderly grandparents. Toddlers is an initiative to help women retain their jobs with the peace of mind that their children are safe and in capable hands.

Phulki's caregivers and teachers are trained in early childhood development. The day care centres follow ECD based curriculum that emphasises on physical, social, cognitive, emotional and language development. Between the age of one and five, about 90 percent of brain development is complete, and Phulki has the necessary facilities to help nurture this early brain development phase in children.

Toddlers operates six days a week from 8AM to 7PM. Children are enrolled between the age of one and five. In order to ensure a low caregiver-to-child ratio, seats are limited. You can also visit Toddlers before enrolling your children, at House 6, Block A, Section 11, Mirpur, Dhaka-1216. Call 0178 197 1579 to make prior appointments.
