

CHECK IT OUT

Ajo Idea Space!

The cafe culture in Dhaka has caught up like wild fire and is now the most sought after mode of relaxation, especially for office goers. Meeting friends and loved ones after work, catching up on day's events, or planning weekend ideas while sipping gourmet coffee, or a slice of chocolacious pastry, is not a novelty anymore.

What ticks young minds nowadays and get their adrenaline rushing are thought provoking ideas; exchange of engaging information, ideas for small entrepreneurship, chalking out business plans, arranging interactive workshop on arts, drama, dance, etc. or even arranging talks on activism and rights.

Young people need a place to let their ideas be discussed, sorted, and executed. The re-launched AJO Idea Space in Uttara Sector 13 offers an opportunity to combine idea incubation and acceleration needed at the critical phases when ideas are being turned into actual commercial products.

Just like the other parts of the world where idea space cafes provide multidimensional opening to engage in serious discussion, along with some quality time in leisure, AJO Idea Space is designed to meet these requirements. AJO Idea Space, now seems like matured love.

The very thought of idea space triggers the imagination; what kind of ideas would come from the people's mind? Art, culture, books, innovations, talks and so many other things can happen. The possibilities are endless.

In our country, people share their ideas and views in 'adda' sessions either at home or office lounges, but here at AJO, the beautiful au-naturelle cafe, gives you that space to utilise at your convenience.

The tranquility of the place combined with the serenity and the mouth-watering pop cafe cuisine makes it the perfect place to think aloud and indulge; a place where you can see your concepts come alive in their top deck idea space centre, and whet your appetite on the lower deck.

Situated right next to the beautiful Uttara 13 Park and lake, it is a perfect place to think, to compose and to follow your dreams in a world of imagination.

The new address of Ajo Idea Space is House 14/A, Road: 02 Sector: 13 Uttara. Go there order a cuppa coffee, put on your thinking cap, and let the adrenaline rush begin.
