

POPY'S New Avatar

After quite some time, Popy was seen back on screen in a lot of telefilms for Eid. The audience has applauded her performance as well. The shooting for her new film will also start this month. She will be playing the role of a police officer in Javed Mintu's *Rajpoth*. The last time she played the role of a police officer was back in 1999 in Montajur Rahman Akbar's *Ke Amar Baba*. Popy is currently preparing for this role. She said, "I will have to lose some weight for the requirement of the role. I am working hard to do that. The audience will get to see me in a completely new avatar in this film."

Fahmida Nabi's 'Bhul Kore Bhalobeshechi'

Fahmida Nabi has released her new album, *Bhul Kore Bhalobeshechi* from Bengal Foundation. The album also contains a song that was tuned by Lucky Akhand by the name *Bishonnota Diyo Na Amai*. The song was written by Golam Morshed. Two songs from the album were tuned by Fahmida Nabi herself and the rest were tuned by Nipo. When asked about the album, Fahmida said, "I have always sung songs according to how I wanted. I have never done it for fame. I usually sing melo-romantic songs but this time I have sung some Ghazals as well. My fans have been waiting for an album like this for a very long time. Hopefully they will like it." The songs were composed by Ashu Chakraborty.

FERDOUS Takes Oath

Ferdous was elected as Executive of the Film Artists Association two months ago. But he only took the oath recently. Ferdous stated, "I have formally started the journey with the Association from today. Although I was elected two months back, I was really busy with shooting, so I couldn't take the oath. I have some time in my hand now, so I was finally able to allocate time for

taking the oath." He further stated, "I want to do some good work for the film industry of our country." Misha Sawdagar, Riaz and other prominent Bangladeshi film personalities were amongst those present while Ferdous took the oath. Ferdous has just finished the shooting of *Yeti's Obhijaan* and *Headmaster* is currently awaiting release.
