NADIA AHMED

Nadia Ahmed is a well known personality in the world of dancing, acting and modeling. She has managed to balance her work in all the three mediums and is much adored by her fans. In this issue of Star Showbiz, we bring her secrets of beauty and style.

After a good night's sleep, Nadia's day starts with the cleansing of her skin with a doctor-recommended cleanser, as she has really sensitive skin and drugstore cleansers rarely suit her. Once she has thoroughly cleaned her skin, she moisturizes it really well. Whenever she leaves the house during the daytime, one thing she never forgets to apply is sunscreen. Not wearing sunscreen can not only cause sunburn but also acne and premature aging. Nadia also drinks a lot of water and eats a lot of vegetables as taking care of the skin from the outside is never enough. One must also take care of themselves from within. A healthy diet can go a long way to help achieve beautiful skin and hair. For her hair, she occasionally applies olive oil and has hair spa done once in a while.

Nadia is a big-time makeup enthusiast and has a lot of high-end makeup products in her collection. For her eyes, she loves the Estee Lauder Sumptuous Bold Volume Lifting Mascara and the Lancome Volume Hypnose Drama Mascara. She prefers to go without a Kajal most of the time to get a more natural look. For lipsticks, her favorite is Mac. She prefers to wear pinkish nude shades like Taupe, Mehr, Velvet Teddy, etc. To match with her lipstick, she chooses peach toned blush like The Balm Hot Mama. For her everyday look she usually tries to go as natural as possible. However, because she loves to dress up and does so whenever she gets the chance, she loves to wear sarees and has a huge collection of different types of sarees that include Katan and Jamdani among others. She usually pairs her sarees with jhumkas, bangles and rings. She also has a large collection of jhumkas.

Amongst accessories, her favorite is the watch. She likes to collect and wear watches from Fossil, Michael Kors and Titan. Lastly, she finishes her look with a perfume. Among her current favorites are Euphoria by Calvin Klein, Versace Bright Crystal and Gucci Premiere.
