In this workshop, Dr. Selim presented the challenges and opportunities of embedding sustainability in Bangladesh, which is very imperative at the moment with Bangladesh being in the frontline of climate change and at the same time working on achieving the UN SDGs by 2030.

BANMUN 2017: Addressing a taboo with teens

AAQIB MD. SHATIL

With "Sustainable Development Goals and Sexual and Reproductive Health and Rights" as its theme, BANMUN 2017 took place from July 1-4, 2017, at the Udayan Higher Secondary School campus with around 600 youth from all across the country.

This year, the theme of the conference connected the Sustainable Development Goals with sexual and reproductive health and rights; the agenda of the committees revolved around this theme. The opening ceremony was attended by former ambassador M. Humayun Kabir, and Sadia Faizunnesa, Director General, UN Wing, Foreign Ministry of Bangladesh.

At the workshop, high school students shared their knowledge and initial reactions about sexual and reproductive health for the first time. Girls shared their health complications and society's ignorance regarding the changes they face during pre-adolescent days. The objective of the workshop

was the break the taboo, which was achieved with success.

The delegates, mostly high school students, then attended the committee sessions where they discussed more on the agenda that were designed with a view to engage the students with the theme and let them find solutions to the problems.

On the final day, each committee came up with a resolution on their agenda with a set of solutions. In the closing ceremony, State Minister for Power, Energy and Mineral Resources, Nasrul Hamid MP chaired as the chief guest with Naimur Rahman MP and Acting Country Director of UNDP, Khurshid Alam as the special guest. Mohammad Mamun Mia, President of UNYSAB, was the Secretary General of the conference.

The Daily Star was the Youth Engagement Partner of the event; CMMS was the knowledge partner with the support of Campus Hero Café, an action research initiative supported by NWO-WORTO and ShareNet International.
