# BCL wants a fresh start at CU

MD ABBAS, CU

In recent past, Bangladesh Chhatra League of Chittagong University unit hit the newspaper headlines for a number of reasons -- infighting, factional brawl, extortion, and so forth.

Due to the misconduct, BCL central committee on May 4 suspended all the organisational activities of the unit following a factional clash.

The pro-Awami League student body apparently wants to get rid of the deadlock as they want a new committee of the unit by dissolving the existing one.

BCL leaders and activists raised the demand while meeting a two-member team of the central committee -- Mashur Rahman Sharif, vice president, and Mohammad Hossain, deputy sports secretary -- at a hotel in the port city on Wednesday, said BCL insiders. The BCL central leaders paid a two-day visit to Chittagong from Tuesday to Wednesday to bring back organisational strength of the CU unit.

As part of the visit, the team also went to CU and talked to reporters at Chittagong University Central Student Union (CUCSU) the same day.

After the meeting, the central leaders were about to leave the place, BCL leaders and activists waiting outside chanted slogans

demanding that the existing committee be dissolved and a new committee be formed.

Mohammad Alamgir Tipu is the president and Fazle Rabbi Sujon is the general secretary of the existing committee.

Contacted, Mansur Ahmed, senior vice president (VP) of the existing committee, yesterday said, "The committee has no legality now as its tenure has already expired today (Thursday)."

"To overcome the recent crisis and bring back the organisational strength of the unit, leaders and activists want new leadership," he added.

Another VP Rezaul Haq Rubel also echoed the same. To him, "To bring back the mobility among the leaders and activists, new leadership is a must as the organisational activities of the unit have remained suspended for around three months."

Earlier, on Tuesday, the visiting BCL leaders held a meeting with Chittagong City Corporation Mayor AJM Nasir Uddin.

Nasir, also general secretary of the city unit of Awami League, advised the central leaders to form a new committee of the CU unit.

The team wanted to meet Chittagong city unit AL President ABM Mohiuddin Chowdhury on Wednesday, but they could not as the latter was sick, said Fazle Rabbi Sujon, GS of CU BCL unit.

## DISASTER RISK REDUCTION

# Experts stress media role

BSS, Dhaka

Experts and media gatekeepers yesterday stressed enhanced media stake in handling disasters through spearheading a round the year campaign for Disaster Risk Reduction (DRR) through awareness generation.

They came out with a series of recommendations, one being formulation of a media policy on disaster, as the news managers of mainstream print and electronic media joined an interaction hosted by SEEDS Asia, a leading disaster management organization based in Japan's Kobe at the CIRDAP auditorium in the city.

Chief Information Commissioner Prof Golam Rahman moderated the discussion which was held against the recent onslaughts of floods, water logging and landslides across the country.

The participants focused on the challenges faced by editors in the publication of disaster management topics and steps that must be taken to bring changes.

The news managers recommended that the media could act as a pressure group to include DRR in official policy while the media houses could develop a disaster beat for regular DRR reporting.

During the discussion, SEEDS Asia's media specialist Suvendri Kakuchi gave a presentation on role of the Japanese media in disaster risk reduction with its focus on saving lives through the regular dissemination of factual information and lesson learned from survivors based on the concept of mutual and self-help.
