

Dignitaries inaugurate IDP's "Study in Australia" event at Sonargaon hotel in the capital yesterday. Ravi Chandran, country director of IDP Bangladesh & Sri Lanka; Mosharrarf Khan, country manager of IDP Bangladesh; Minhaz Chowdhury, country manager of Australian Trade Commission, and Mostafizur Rahman, business development manager at Australian Trade Commission, along with representatives from over 20 Australian Institutions, were present on the occasion. The event will continue at the hotel from 11:00am to 5:00pm today. PHOTO: COLLECTED

Osman mourns, people suffer

FROM PAGE 3
were kept closed to traffic from 1:00pm to 4:00pm.
But Abdur Rashid, additional superintendent of police (traffic) of Narayanganj district, said traffic movement was suspended from 2:00pm.
He said the Awami League activists would enter the town in large numbers to join the rally. If traffic is allowed to move normally around that time, it would create a commotion. "Everything will be normal once the programme ends."

Meanwhile, a Shamim Osman-led "black-flag" procession was brought out from Chashara Salimullah Road to Bangabandhu Road around 4:15pm.
Earlier, Shamim Osman addressed a gathering on Chashara Salimullah Road standing on the back of a truck. He said, "I wanted to invite everyone to the rally and wanted to get on the stage with them."
He said that was why he invited all including the presidents of Awami League district and city units.

He said he also invited his "dear younger sister Ivy" over the phone.
"Many of the activists are angry as to why they did not attend. They might have some prior engagements."
"But we will hold more rallies in future where all of us will stand together," he said.
The rally ended around 5:00pm, followed by hour-long traffic congestion in the city. Traffic movement eventually became normal after 6:00pm.

Remittance

FROM PAGE 3
Bangladeshi expatriates had made remarkable contribution to every achievement of the country since its independence in 1971.
The speakers urged the government to take necessary steps to stop sufferings of expatriates as there is an allegation that they have to suffer a lot at the airport when they return home.
They suggested easing remittance transfer process to encourage expatriates to send their money home through legal channels.
According to data of CNBR, there are about 1.3 crore Bangladeshi expatriates in 152 countries. They send about US\$ 15 billion in remittance to the country every year.

Focus on rail

FROM PAGE 3
Poba, said because of traffic jam people not only suffer financially but also physically and mentally.
Abdus Sobhan, general secretary of Poba, said the government mostly focuses on road transport than on railway and waterway communication, which created such crises.
The city commuters will be benefited if there is development of transport in all the three ways equally, he said.

Road condition worries

FROM PAGE 3
"The situation will be worse when more buses will hit the street during the holidays," he said.
Mosharrarf Hossain, manager of Gabtoli counter of Hanif Paribahan, said the government should repair the highways on an emergency basis; otherwise it will create chaos on roads during the holidays.
Mentionable, Road Transport and Bridges Minister Obaidul Quader on August 9 directed the officials of Roads and Highways Department to make all the damaged roads useable and passable within seven to 10 days.
MAHASTHANGARH BRIDGE REPAIR
Vehicular movement on Dhaka-Rangpur highway in Bogra will remain suspended for 14 hours due to repair works on a bridge in Mahasthangarh.
Abu Naser, senior information officer of the Ministry of Road Transport and Bridges, yesterday said, "Traffic movement will remain halted from 8:00pm tonight till 10:00am tomorrow [today]."
Emergency service and small vehicles were advised to use the alternative route -- Mahasthangarh Bazaar-Shibganj-Amtoli-Mokamtola road.
Road communications with nine districts in the North Bengal region is likely to be disrupted due to the repair work.

IN MEMORIAM

Today we remember Major General Anis Waiz MBBS, FRCP (UK), FRCP (I) (1935-2003), physician and founding Principal of Bangladesh Medical College. After a distinguished career in the army medical corps as Consultant Physician, Dr. Anis followed his father's (the late Professor and Principal Abu Hena) footsteps and entered academia. During his tenure in the army he was a strong proponent of post-graduate training and mentoring for army physicians.
He bought his passion for excellence and credentialing to his leadership of the first private medical school in Bangladesh, attaining significant growth in the infant institution's reputation and accreditation of its facilities and degree. His service to the community and the medical profession included leadership roles in establishing an essential drug list while serving on the National Drug Advisory Council, the Bangladesh Medical Research Council, and the National AIDS Committee. He passed away on the 13th of August 2003, following a brave battle with cancer. His memory is celebrated by his many students, family, friends and well-wishers.

We offer full engg. services for relocation of the Mill in Bangladesh. Interested companies may Contact. Phone: 01611530781 or email: sitima.1970@gmail.com

Bangladesh University of Engineering and Technology
বাংলাদেশ প্রকৌশল বিশ্ববিদ্যালয়
BUET

Fire Safety Workshop for Graduate Engineers

Background:
In recent times, Bangladesh has experienced repeated fire incidents in industrial installations particularly in garment sector. These incidents can be attributed to the systematic lack of established fire safety protocols and lack of awareness in the fire safety standards. The engineers who are involved in the design and maintenance/compliance in the RMG and other industrial sectors can play an important role in installing, maintaining the fire protection system and improve safe practices to minimize fire hazards so that a fire safe workplace is ensured.

Objectives:
Bangladesh University of Engineering and Technology (BUET) is offering a four-day long certification workshop on fire safety for the Engineers dealing with compliance of the building codes and other regulatory safety requirements in industrial and commercial establishments. This workshop is designed to provide the participants an essential depth of knowledge to enable them to better understand the fire safety strategy of the building, to install and maintain fire protection devices and to act properly to improve the fire safety measures in the workplace.

What will be Covered

- Fire Dynamics
- Life Safety Design Provisions
- Design Basics of Fire Detection & Alarm System
- Design Basics of Water Based Fire Protection System
- Concept of Structural Fire Safety
- Installation, Inspection, Testing & Maintenance of Fire Protection System
- Fire Investigation
- Industrial Fire Safety & Risk Assessment
- Code Provisions

Who are the Prospective Participants:
Engineering degree holders or university graduates working in the industrial and commercial sectors in Bangladesh. Fresh graduates can also apply who have interest to develop career in this multi-disciplinary field

Schedule and Venue:
Date: 15th September-16th September, 2017
Date: 22nd September-23rd September, 2017
Time: 3:00 to 7:00pm, Fridays and Saturdays
Venue: ITN Seminar Room (4th Floor of ARI-ITN Building, BUET)
No. of Participants: 25 (approx.)

Resource Persons:
Faculty members from different Departments of BUET with training and professional experience in fire safety related projects of both national and international exposure.

Application Details:
Deadline: 12th September, 2017
Course Fee: Tk 8,000 per person
Application Form: Available at Room No. CE 404 on 3rd Floor of Civil Engineering Building, BUET
Contact: Md. Fakhru Islam, Accounts Assistant, Phone: 01716580039
Office: Room No. 404

Head
