

CHECK IT OUT

Colour Ideas by Asian Paints

Asian Paints Bangladesh has opened its 'Color Idea Store' in Uttara, Dhaka. General Manager Ritesh Doshi, who was present at the opening press conference, said that the Color Idea Store is for those who want to colour their homes as well as have the experience of decorating their home. The store offers all kinds of painting solutions, including unlim-

ited options from colour schemes.

Customers now have the option to see beforehand how their selected colours would look like on the wall and in different lights.

The store also provides computerised 3D designing for a full visual, according to a customer's home. Experts will

be present in the store for free advice and suggestions in choosing the right colours, how to make the best use of them, etc.

With 15 years of presence in Bangladesh, Asian Paints' new Color Idea Store will provide customers to fully explore their inspirations.
