### Director

The moment I saw her in person, I knew that she would be tremendously successful in both Bangladeshi and Kolkata's film industries. What makes Jaya Ahsan unique is her flawless transmission between brain and heart. She follows her heart, but always thinks everything through. I think this is the key to the success that she has achieved up till now. I would want her to act in not only Bengali films, but in mainstream Bollywood, Tamil and Telegu films as well in the future. I am saying this because I know she has the capability and potential to do well in those too. The only thing that I would want Jaya to maybe improve a little bit is her diction, sometimes there is a bit of a Bangladeshi accent. I plan to do many more projects with her, and I am glad to have been able to work with such a fantastic actor.
