

Amitabh Reza Chowdhury

Director

As a director, I can tell you that Jaya is the perfect "Director's Actor". She will give her all to accommodate the kind of performance that you would ask from her as a director. There is no doubt that she is a star both in India and Bangladesh. Besides being an excellent actor, she is one of the closest friends that I have. You can never have a dull moment with Jaya Ahsan, she is one of the most fun people to talk to and have 'addabaji' sessions with. In my humble opinion, she is the most important actor in the industry today. Her talent, dedication and grit make her the perfect role-model for youngsters to follow. I will take this opportunity to convey this message to Jaya: We love you; always keep up the amazing display of acting that we have come to expect from you.
