

Le Reve this Eid-ul-Azha

Once again Le Reve has brought out an eye-catching collection for this festive season. The collection includes all the essentials befitting the season. Aside from the men's and women's wear, they have brought out collections for boys and girls, as well as new-borns.

Focusing mainly on print throughout the collection, the women's wear features floral motifs and hand embroidery. Pattern variations are featured alongside body layering, sleeve options – like Bell sleeves. Along with these, fashion savvy individuals can avail the ever popular high-low cut in selected designs.

For the young trend seekers, the women's line-up includes tunics. Paired with pants, palazzos or culottes, they can be the perfect wear for the occasion. Featuring floral motifs, two-tone prints and asymmetric cuts, this collection is sure to enhance the wardrobe of any fashionista.

The men's line-up includes festive panjabis in simple linear print, popular young favourites like T-shirts with catchy phrases and polo shirts are also part of it.

For the children's section, Le Reve has ethnic fashion wear for boys. This is highlighted in their panjabi selection. The girls' line up includes stylish frocks, shalwar kameez, etc.

With comfortable cotton blends and light layering, the collection is a must-have for the trend seekers.

Monnujan Nargis, director and head of design at Le Reve, mentioned that the fashion house is always doing trend analysis for their adult and children's line-ups. This Eid too was no exception as the designers had to bear in mind the seasonal heavy rains as well as the sweltering heat.

This Eid's line-up also includes accessories for the perfect finish to one's ensemble. Stone necklaces, bracelets, punch clips and other hair accessories, earrings, etc. are featured in the women's and girls' lines. Mens' line-up includes wallets and Tupis as well as sandals. All accessories can be found at the Le Reve outlets.
