

## GABTOLI ALL READY

**T**HROUGHOUT the year the Gabtoli Cattle Market in the capital caters to the meatpacking industry but ahead of Eid-ul-Azha it serves a large section of Muslims of Dhaka who sacrifice animals. Not only city dwellers, traders who sell cattle in smaller markets ahead of Eid, buy their cattle from here. It has been one of the biggest markets in the country for quite a while. Animals like camels, dumbas and exotic cattle are found here. There are accessories and services too that one might need during Eid.
