UN GENERAL ASSEMBLY Trump issues stark threats to N Korea, Iran

REUTERS, United Nations

US President Donald Trump said yesterday that the United States will be forced to "totally destroy" North Korea unless Pyongyang backs down from its nuclear challenge, mocking North Korea leader Kim Jong Un as a "rocket man" on a suicide mission.

Loud murmurs filled the green-marbled UN General Assembly hall when Trump issued his sternest warning yet to North Korea, whose ballistic missile launches and nuclear tests have rattled the globe.

"Unless North Korea backs down," he said, "we will have no choice but to totally destroy North Korea."

"Rocket man is on a suicide mission for himself and his regime," he said.

North Korea's mission to the United Nations did not immediately respond to a request for comment on Trump's remarks.

A junior North Korean diplomat remained in the delegation's front-row seat for Trump's speech, the North Korea UN mission said.

In his first appearance at the annual gathering of world leaders, the president used a 41-minute speech to take aim also at Iran's nuclear ambitions and regional influence, Venezuela's collapsing democracy and the threat of Islamist extremists. He also criticised the Cuban government.

Light rain, heavy pain

STAFF CORRESPONDENT

Light rain yesterday caused severe traffic congestion at different parts of the capital inflicting sufferings to the city dwellers.

Commuters, especially office-goers, and schoolchildren, had to spend at least 30 minutes to an hour more to reach their destinations.

A low over the northwest Bay of Bengal caused the rainfall. About 10 millimetres (mm) of rainfall was recorded in the capital in 12 hours since 6:00am. The highest 35mm rainfall was recorded in Sakthira during the corresponding time.

Traffic movement on Mirpur Road, Kazi Nazrul Islam Avenue and Begum Rokeya Sarani was either partially halted or remained very slow. Construction work on the dilapidated roads compounded the people's sufferings.

Tapan Chandra Das, a resident of Demra, said he was late to reach his office at Farmgate due to severe traffic congestion.

Master plan for Payra deep-sea port on the cards

Buet gets consultancy job to lay out the design

STAFF CORRESPONDENT

The government has finally moved to prepare the master plan and design of the Payra deep-sea port by engaging Bangladesh University of Engineering and Technology.

Buet will work as a consultant under which its experts will prepare the master plan and design, said a Payra Port Authority letter to Buet on Monday.

Under the consultancy job, Buet will also prepare estimated costs of all the 19 components of the project.

The move came nearly four years after Prime Minister Sheikh Hasina opened the country's third sea port in Patuakhali to reduce the pressure on Chittagong and Mongla ports. The Payra port project is supposed to be completed by 2018.

Officials of the shipping ministry said the Payra port project, which saw little progress despite having included in the government's fast-track projects, would get momentum in the coming days.

Geneva toilets flush with cash

REUTERS, Geneva

Geneva prosecutors are investigating after toilets in a bank and three restaurants were blocked by about \$100,000 in high-denomination euro banknotes, they said on Monday.

"We are not so interested in the motive but we want to be sure of the origin of the money," spokesman Vincent Drouaud said, adding that neither throwing money away nor blocking a toilet was a crime.

The Tribune de Geneve newspaper, which first reported the unusual deposit, said the first blockage occurred in the toilet serving the vault at UBS bank in Geneva's financial district, and three nearby bistros found their facilities bunged up with 500-euro notes a few days later.
