Later in January 2015, the Executive Committee of the National Economic Council (Enec) approved a revision of the project with an extension of 18 months till June 2017 and an increase in cost of Tk 446.2 crore, said UNB.

Experts said that the Tk 85cr extended section would not bring any significant benefit due to various drawbacks - one being that it abruptly lands without passing over the critical traffic junction of Sonargaon Hotel intersection.

The Tk 1,219-cr flyover has been built on 311 single-piers along the central line of the existing roads with 30 ramps.
