

WRITE RIGHT

# LONG SENTENCE = BAD [in most cases]

Here's a thing - while complex sentences can ameliorate the quality of your writing and amplify your fingernail of a fan base, they also carry the risk of completely derailing your prose to such an extent that a reader

gets lost much like Alice in Wonderland — essentially ruining their focus as they go back and forth and back again, simply trying to find the whole meaning of the sentence which would have been fine if you simply

separated each point instead of trying to address multiple issues at once in one sentences much like this 115 word block of text that only has one full-stop at the end of this line to guide your eyes.
