

OYSHEE

SINGER

Oyshee has come a long way since breaking into the industry with her rendition of 'Dil Ki Doya Hoyana'. She may be young, but her flamboyant and powerful singing has earned her a solid place in the music industry.

Plans for New Year's Eve

This year, I plan to spend the New Year's Eve musically. I will probably be busy doing shows, let's see what happens!

My Biggest Achievements of 2017

I am extremely lucky to have been a part of *Wind of Change* this year. The production was fantastic and it was really an honor for me to perform there. Besides this, I did playback for many amazing movies which include *Gohin Baluchor*, *Pashan* and *Jedi*. I sang for two music videos, even though I wasn't featured in them as a model. All in all, I had a great 2017.

New Year's Resolution

Well, I want to improve as a singer and as a person overall. That is probably my New Year's resolution.

Something I'd like to change about myself in 2018

I don't want to change anything because I am happy with my life. I just want to improve all my skills for a better life in 2018.

A memorable moment of 2017

It would definitely have to be my experience on this 16th December, at the birthday celebration of Gaan Bangla TV. Taposh bhaiya (Kaushik Hossain Taposh) called me on stage to sing, and at the same time called the legendary Ayub Bachchu to play with me on stage! I sang for two minutes, and that is definitely a highlight of my career. I don't know if I will get to have this sublime experience ever again!

What I plan to achieve in 2018

I have a lot of big plans for next year. I will spend Valentine's Day abroad for a very special performance, but I'll let that be a surprise for now!
