YOU, THE LIVING

Razib Datta's work encompasses drawing, text and digital art. He often deconstructs the traditional language of art and cinema through his works. A collector of photographs, newspapers, and file stills, he uses what he finds to conceptualise his work. Razib studied at the Faculty of Fine Arts, University of Chittagong. His works have been showcased in events organised by Kala Kendra, Bengal Foundation and others.

From a water jar, like a man
They dreamt a turtle and wrote a note about
A big house, a big car,
a good lifestyle.
