DIGITAL SECURITY
 The Norwegian ambassador said cyber security is of course important. "I think any country needs to have a legislation that takes care of cyber security."
 Ambassador Bleken, however, said it seems that some of the provisions of the cabinet-approved draft of the Digital Security Act-2018 might create a scope for shrinking the space for freedom of speech. "It's very worrying."
INVESTMENT CLIMATE
 The Ambassador said it will be very good if the Bangladesh Investment Development Authority (BIDA) manages to work on one-stop service as their experience says it is rather "bureaucratic" and takes a "long time" to be able to make an investment here. "I think still more needs to be done."
