FILL-IN THE GAPS WITH THE MOST SUITABLE WORDS:

The HRM Titanic

The "Unsinkable" Ship

Scientists and historians have begun to revise the familiar story of the Titanic disaster, introducing two new theories that could explain how and why the ship sank.

45°

110°

IRON RIVETS (used on stem and hull)

STEEL RIVETS

HULL BEAMS

IRON RIVETS

BREAKING ANGLE

For decades, experts believed the ship cracked in two when its stern rose to a 45-degree angle. New evidence points to a much lower angle break—and an even more sudden end.

RIVET QUALITY While steel rivets were used in the middle of the ship, low-quality iron rivets held together Titanic's bow and stern, possibly making the ship more vulnerable to flooding.

The story of the Titanic on its first voyage has (1)_____ people all over the world for a hundred years. It is a story surrounded by mystery and (2)_____. Here we answer the questions most often (3)_____ about the most famous of ships.

Why weren't there enough lifeboats? The regulations controlling the number of lifeboats that a ship (4)_____ carry were terribly out of date. The Titanic only had to have 16 lifeboats, (5)_____ for 962 people. Nobody would have died on April 14th 1912 if the Titanic had had enough lifeboats for (6)_____ the passengers.

Was there another ship which could have helped the Titanic?

A small ship (7)_____ the Californian was only 20 kilometres away from the Titanic. It had (8)_____ for the night because of the icebergs. It was (9)_____ near that the two ships could see each other's (10)_____. The radio operator had just gone so he didn't hear the Titanic's S.O.S. message. Later sailors saw the Titanic's eight white rockets in the sky. They (11)_____ up their captain but he didn't do anything as he didn't think the rockets were (12)_____. if the Californian had known the Titanic was sinking, it would have rescued everybody. The captain of the Californian was later blamed for (13)_____ going to help the Titanic and his reputation was destroyed.

Was captain Smith to blame?

Although they had received (14)_____ warnings of icebergs from other ships in the (15)_____, the Titanic was (16)_____ at top speed. The captain of the Titanic, like other captains, was under great commercial pressure to make the Atlantic crossing as (17)_____ as possible. Also Bruce Ismay, the director of the White Star Line which owned the Titanic, was on board and he wanted his ship to beat the company (18)_____ for the fastest crossing. Another criticism of captain Smith is that he was not on the bridge at the (19)_____ of the collision. Perhaps if he had been there, his ship would not have (20)_____ the iceberg. Captain Smith and the ship's designer Thomas Andrews both drowned.

READ THE PASSAGE AND THEN ANSWER THE FOLLOWING QUESTIONS

Spain is set to replace the USA as the world's second most popular tourist destination. This is according to statistics from the UN World Tourism Organization (UNWTO). The number of international tourists arriving in Spain grew by over 7 per cent in 2017. Spanish PM Mariano Rajoy corroborated the figures. He said the country had a record year in 2017, with more than 82 million international visitors. The growing number of international arrivals continues a growing trend. The figure for 2017 broke arrival records for the fifth straight year. This is despite the on Barcelona in August, terror attack in Catalonia region for Spain's Catal-

There was an 8 per cent increase in tourism to Europe in 2017. The UNWTO said: "Led by Mediterranean destinations, Europe recorded extraordinary results for such a large and rather mature region." Africa is increasingly becoming an established and attractive destination and tourism there also went up by 8 per cent. Asia and the Pacific saw growth of 6 per cent, the Middle East recorded 5 per cent, and tourism to the Americas grew by 3 per cent. The UNWTO added: "International travel continues to grow strongly, consolidating the tourism sector as a key driver in economic development." France retained its position as the world's top tourist destination.
