## SRIDEVI'S Final Moments!

Sridevi's husband, Boney Kapoor has finally opened up about the final moments he had spent with his wife. The couple were residing in the Jumeirah Emirates Towers hotel in Dubai, where Boney had apparently 'surprised' her and then cuddled for an hour or so 'like teenagers', as reported by The Mirror. He then proceeded to the bathroom and Sridevi went to the bathroom for a shower, and little did Boney know that she would never come back. After calling out 'Jaan' a few times, he rushed in the bathroom to find her unconscious in that bathtub. He tried to revive her a few times before eventually calling the police. Only if Boney had realized Sridevi was in trouble earlier, maybe we would not have to incur a loss of this magnitude? We will never know.
