

CHECK IT OUT

Just as we are saying farewell to spring, summer is nearly upon us and that means only one thing — time to prepare for the celebration of Pahela Baishakh, but before heading to your favourite clothing store, do not forget to check out the fashion exhibition, “Nabo Anonday Baishakh” that will highlight Bangladeshi traditions, culture and heritage translated on to Bengali and contemporary outfits by ten of the best designers of the country.

Beckoning Baishakh

The event, “Nabo Anonday Baishakh,” hosted by the Fashion Design Council Bangladesh, is gearing up to celebrate Pahela Baishakh by showcasing the works of noted designers — Maheen Khan, Farah Anjum Bari, Shahrukh Amin, Nawshin Khair, Lipi Khandker, Chandana Dewan, Kuhu, Biplop Shaha, Maria Islam, and Rupo Shams.

The designers will be exhibiting a range of children's wear, saris, kurtis and panjabis, all inspired by motifs and patterns found in historical terracotta and antique pieces that once were widely used in architectural designs of mosques, and temples.

The event will be taking place at the outdoor section of Gardenia Restaurant, where there will also be musical performances by bauls, display of patachitra, figurines made from shola (Indian cork) and heritage costumes from other SAARC countries, which will add to the diversity of the celebration.

Maheen Khan's bespoke line draws inspiration from the colours of late spring and summer, with an emphasis on royal green and other vibrant shades. Her entire collection is based on patterns found in heritage pieces like shitolpatis, shatranji, and tapestries, to name a few. The two day exhibition will start from 31 March to 1 April, and will be held at the Gardenia Restaurant located at House NW(I) #8, Road 51, Gulshan 2.

BOTOX magic

ASSURES YOU A NATURAL ATTRACTIVE LOOK

BOTOX has become the most common cosmetic procedure due to its ease of use and effectiveness. It is a purified form of Botulinum toxin A, meaning there's no botulism risk when used properly.

EXPERIENCE COUNTS IN BOTOX INJECTION TECHNIQUE

BOTOX is a safe medication administered for cosmetic improvement of wrinkles. It can be used on various areas of the face, ranging from the forehead to the

frown lines between the eyes and the crows feet. It is an incredibly useful tool and, in the right hands, can accentuate the eyes and make them look much more

attractive. While most people out there do a limited amount of BOTOX, if you go to someone who is an expert, they will typically know how to do the other areas without side effects. It is an excellent tool for eye brows lift, gummy smile reduction, Nasal flare reduction, lifting up the corners of the mouth and tightening the jawline. In Laser Medical Center we are doing BOTOX successfully since 2006. We can ensure you a more natural, attractive and expressive look by BOTOX.
