

FEMME FABULOUS

O Y S H E E

Oyshee began her journey with the show 'Shapla Kuri' in which she became the second runner-up. She then released her first album 'Oyshee Express'. Since then, she has come a long way through versatile songs such as 'Dil Ki Doya Hoyna', 'Tumi Chokh Mele Takale' and 'Kajol Bhromora'.

SKIN CARE

After a long day of work, Oyshee removes all the makeup using a face-wash that contains milk extracts as it helps to remove the makeup really well and at the same time soothes the skin. After the skin is completely clean of all impurities and makeup, she uses the Beauty Formula Facial Scrub using activated charcoal. Finally she uses aloe vera gel as moisturizer and then goes to sleep. For her morning skincare regime, she likes to follow the same steps.

HAIR CARE

Oyshee likes to make a concoction of different oils and apply them regularly to her hair. She prefers using onion, castor, coconut, olive and argan oil along with kalijira and methi to apply to her hair. After keeping it on her hair for an ample amount of time, she washes it off with TRESemmé shampoo and conditioner. She also occasionally gets hair treatments done from the parlour.

MAKE-UP

Oyshee likes to mix the Revlon Photoready Airbrush Effect Foundation along with the

L'Oréal Infallible Total Cover Foundation and applies it to create the base. She sets it with the Rimmel London Stay Matte Long Lasting Pressed Powder. Oyshee likes to create smokey eyes and mostly uses Flormar eyeshadow in either black or blue to create the smokey effect. She also uses the Flormar Midnight Matte Eyeliner to line her eyes. Finally she completes the look with lipstick from L'Oréal Color Riche Lipstick.

REGULAR WEAR

For her regular wear, Oyshee likes to wear jeans with tops and kurtis. She usually goes for the long tops with ruffled sleeves and pairs them with comfy flats and a stylish bag.

PARTY WEAR

Oyshee likes to wear jeans and tops for parties as well. However, with her every outfit, she likes to add a touch of her own sense of style and thus, modifies the outfit accordingly. She usually likes to pair jeans with tops and a stylish jacket. She occasionally also wears gowns.
