

APU BISWAS

Apu started her career in showbiz with the film 'Kal Shokale' in 2006. Soon, she became one of the leading actresses of the Bangladeshi Film Industry and acted in many blockbuster movies. Currently, she is preparing for her comeback film 'Kangal' and is all set to return to Dhallywood again.

SKIN CARE

After an entire day of shooting, Apu Biswas makes sure to remove all the makeup from her face really well. She uses the Boots Cucumber Facial Wash to cleanse her skin after removing all the makeup by using Boots Eye Makeup Remover Gel. Then she uses the Bioderma Exfoliating Purifying Gel to scrub her face. Afterwards she again cleanses her skin using the Estee Lauder Perfectly Clean Foaming Cleanser and follows the routine using the serum, toner, eye cream and night cream from the same range. In the morning, she replaces the night cream with day cream but otherwise follows the same routine.

HAIR CARE

Apu tries to apply oil to her hair regularly as this helps her hair stay soft and silky. Because of her busy schedule, she has to use styling products very frequently. The constant use of those products and heat to style her hair causes a lot of damage to her hair. And thus, she applies coconut oil to her hair every night before going to bed

and also applies castor oil once a week.

MAKEUP

For her everyday look, Apu Biswas prefers little to no makeup and only applies a little bit of the MAC Studio Fix Powder on her face to even out the skin-tone. She uses brown MAC Eyeshadow to fill in her brows and applies a little bit of kajol and mascara. However, when going to a dawaat, she likes to put on a heavy base and also adds contouring to her routine. She completes the look with dark lipsticks like Sin, Cyber, Smoker Purple, Heroine, etc by MAC.

REGULAR WEAR

For her everyday attire, she likes to keep things very simple and only wears jeans and tops or shirts. She goes for comfort over style and often just leaves the house in borkha when going out to very public places.

PARTY WEAR

For parties, Apu likes to wear salwar kameez or gowns depending on the type of the event.
