

Bapa official dies in Savar road accident

OUR CORRESPONDENT, Savar

An official of Bangladesh Poribesh Andolon (Bapa) died as a bus hit him while he was crossing Dhaka-Aricha highway in Hemayetpur area of Savar yesterday, said police.

Uttam Kumar Devnath, 40, was on way to his office in Dhaka, said family.

He was the programme coordinator of Bapa, its Joint Secretary Sharif Jamil confirmed to The Daily Star.

The bus was yet to be identified, said Savar Model Police Station Officer-in-Charge Mohshinul Kadir.

"Once we identify the vehicle, we will seize it," he added.

Abdul Motin, general secretary of Bapa, said Uttam Kumar worked for the environment with Bapa for the last 18 years.

He alleged that the driver's negligence caused the accident.

Orobindu Shaha, brother-in-law of Uttam, said Uttam used to worry about the future of his two children. "Now I wonder how my sister will provide for the kids."

Uttam commuted to his office in Dhaka everyday from his house in Shingair upazila, he said.

ACC sacks asstt

FROM PAGE 3

case and asked Shamim, who was working at its Khulna office, to submit it before the court.

The court deferred its proceedings several times for the submission of charge-sheet, but, Shamim did not submit it. Therefore, the court quashed the case in 2016.

ACC in its departmental investigation found that Shamim, who was also the investigation officer, kept the charge-sheet to him and did not submit it before the court for about one year.

In January 2017, ACC suspended Shamim and launched a departmental investigation.

Meanwhile, ACC has found that Bir Kanto Roy has delayed investigation of a loan scam case of a bank for about 384 days. ACC in its enquiry found that influenced by the accused, the assistant director made the delay willingly.

"That's why ACC has suspended him. Now, the commission will initiate a departmental investigation against him," said Pranab.

DG Munir said they will take more stern action, if necessary, against its officials to establish departmental discipline.

Tender Notice

Hereby LLC "Trest RosSEM" notifies on holding an open request for prices for the right to conclude an agreement for the supply of Safety Harnesses and Slings. The documentation is available on the official website of Rosatom State Nuclear Energy Corporation <http://zakupki.rosatom.ru>, procurement No. 180517/2433/228.

7 app-based transport

FROM PAGE 3

guidelines mentioned.

BRTA, on April 19, circulated a notice in newspapers asking service providing companies and drivers to register within a month.

Although, seven companies sought registration, no driver has sought registration yet, said Faruque Ahmed, adding that, "After the completion of companies' registration process, drivers' registration process will start."

Asked about the companies which did not seek registration yet, Rabbani, director (road safety) of BRTA, said a company can apply for registration even after the deadline.

However, upon completion of registration process of the companies that have already applied, they will go for taking action against those who will run operations without registration.

AMENDMENTS NEEDED IN GUIDELINES
Service providing companies welcomed the government's initiative to bring app-based ride sharing services under a guideline and the registration process, while some demanded amendments in the guidelines.

Sayedla Nabila Mahbub, lead marketing manager, Pathao said that they are happy with the guideline as it legitimises their business.

Maliha Malek Quadir, founding manag-

ing director of Shohoz rides, said it's a great initiative but the guideline required some clarifications and changes.

Quazi Omar Ferdous, chief operating officer of Obhai Solutions Limited, said "It is good that the ride-sharing industry is being brought under a legal framework. However, we do hope that the regulatory bodies will amend some of the policies as the industry matures and keep the market favourable for fair competition by taking into consideration issues of predatory pricing, accountability of service providers, standardisation of services and customer rights."

In May 2015, the USA-based Datavox Ltd launched the first app-based motorcycle service -- Share a Motorcycle (SAM) -- in Dhaka city. Uber, a popular app-based ride-hailing service, launched operation in Dhaka city in November 2015.

Initially, BRTA said the services were being run in violation of the country's motor vehicle regulations. However, the government has later changed its stance on ground that the ride-sharing services help ease traffic jam, improve transport services and, above all, benefit owners of private vehicles economically.

HC to hear Khaleda's bail

FROM PAGE 3

independence of the country but instead wanted to be the prime minister of Pakistan.

She also said there is a controversy over the number of freedom fighters.

Earlier on May 16, the SC upheld an HC order that granted bail to Khaleda for four

months in the Zia Orphanage Trust corruption case in which she was sentenced to five years' imprisonment.

She, however, could not get released from jail following the SC judgement as she was shown arrested in seven other cases, including the three aforementioned ones.

Energy security a national

FROM PAGE 3

Currently, 62 percent of 163 million people of the country have access to electricity and only 10 percent have access to clean cooking system.

The energy security is a national concern in view of the reality that the domestic gas supply for power generation will run out by 2025 and it will be dependent on imported petroleum, they said.

At present, the country produces 64 percent electricity with natural gas, 25 percent with petroleum, two percent with coal and

less than 4 percent with renewable sources.

The Sustainable Development Goal 7 requires universal energy access by 2030.

Prof Sharmind Nilormi of economics at Jahangirnagar University; Prof Mustafizur Rahman, distinguished fellow of Centre for Policy Dialogue; Asian Development Bank Country Director Manmohan Parkash; Sanjay Srivastava, programme leader of World Bank Bangladesh, among others, also spoke at the programme. Oxfam Programme Director MB Akhter moderated the discussion.

model," he alleged.

On Sunday, the premier said voters cast their votes in favour of Awami League as they think only her party can change their fate through development activities. She said this when the newly-elected Khulna city mayor visited her at Gono Bhaban.

The BNP leader also expressed doubt about fair voting in Gazipur city polls.

Arrest warrant

FROM PAGE 3

Later, a case under the Explosive Substances Act was filed against Salima, Shimul, Maruf and Shirin Sultana with Mugda Police Station.

After an investigation, Mudga police pressed charges against 29 including Salima on July 9, 2015.

When will Chatkhil fire

FROM PAGE 5

The total loss caused by the fire was estimated at 5.1 lakh, said Pradip Roy Chowdhury, head clerk at Fire Service And Civil Defence, Noakhali.

Kamrul Hasan, executive engineer of Public Works Department (PWD) in Noakhali, said PWD built the Chatkhil fire station in Parkot village at a cost of Tk 2.02 crore.

Humayun Kabir, assistant director of Fire Service and Civil Defence, Noakhali, said the Chatkhil fire station is a class III station. Fourteen people -- 10 firefighters, one leader, one station officer and two drivers -- are needed to run it, he said.

Two vehicles -- one for carrying necessary equipment and another for water -- and all the equipment have already been brought, said the official.

Its operation cannot be launched due to non-recruitment of the staff members, he said, adding that the recruitment process is at the final stage.

Guard found dead

FROM PAGE 3

complications and his brother has physical disabilities, said his maternal cousin Shahidul Islam.

He started the job on May 1 and was staying at an accommodation provided by the security firm in Banani area, added Shahidul.

Investigation is going on to determine the motive behind the killing and police have sought CCTV footage from the bank, OC Mahbub said.

Family demands probe

FROM PAGE 5

Contacted, CID's Chittagong Special Superintendent of Police (SSP) Dr Nazmul Karim told The Daily Star "Usually it takes 7-15 days to submit viscera reports. Then the reports will be handed over to doctors who performed the autopsy."

"Tasfia's reports will also be handed over to the doctors, not the IO," said the SSP.

After the arrest, the prime accused had told police that he met Tasfia at a restaurant in Golpahar area that evening, and

later helped her rent a CNG-run autorickshaw to go home, as her family was looking for her.

Police have collected the CCTV footage of the vehicle and sent to experts for analysis to find its licence plate number. "The footage was sent to experts in China, but there is no significant headway," Anwar Hossain, Investigation Officer of the case, told The Daily Star.

"Police are also looking for the other five accused in the murder case," said the IO.
