How big is your love FOR FOOTBALL?

Bigger is always better especially when it comes to viewing football on television. But now you need ot decide: how big? Should you get 4k? 4K TV will let you see every blade of grass on the football field in detail. But will our streaming services offer that resolution. You can still resort to watching your favorite movies in superb resolution after the football frenzy is over this season. And why not a smart TV? It will let you browse all your internet content through a much bigger screen than your smartphone.

HERE'S OUR RUNDOWN OF THE TOP PICKS THIS SUMMER

SAMSUNG M SERIES
