

FEMME FABULOUS

Bidya Sinha Mim

Bidya Sinha Saha Mim began her career in showbiz after winning the Lux Channel I Superstar in 2007. Ever since, she has acted in many dramas and films along with being associated with various Bangladeshi and multinational brands. Currently, she is also working in Tollywood with the likes of Jeet and other notable Tollywood actors.

SKINCARE

After coming back home from shooting, Mim uses wipes to initially remove the makeup. After all traces of makeup is removed from her face, she uses the *Chanel Rick Foaming Cream Cleanser* to further remove any impurities from her face. Then she uses the *Lancome Hydra Zen* moisturizer to moisturize her skin and goes to bed. In the morning, she follows the same routine. However, she adds sun screen to her routine as well to keep her skin protected from the harmful rays of the sun.

HAIRCARE

Mim hardly gets any time to care for her hair at home. Although she tries to apply castor oil regularly, she doesn't really get a chance to do so routinely. However, in order to keep her hair smooth and shiny, she gets anti hair fall, protein and hair smoothing treatments once every month.

MAKEUP

While going out to run errands, Mim applies a little bit of the sunscreen and *Mac Studio Fix Powder* to her face. She uses the *Mac Eye Liner*

Kajal to line her eyes and completes the look with *Dior lipstick*. However, when going to a *dawaat* or party, Mim likes to apply a heavy base with *Chanel Ultrawear Flawless Foundation* and then contours her face using the *Mac Contour Palette*. Along with this, she goes for smokey eyes and adds some lipstick to her routine.

REGULAR WEAR

For her everyday attire, Mim likes to wear jeans and t-shirts or tops as she feels most comfortable in these clothes. She occasionally also wears dresses when she goes out of the country. She usually completes her look with flats and large tote bag.

PARTY WEAR

She usually picks party outfits depending on the party. For *dawaats* and weddings, she likes to stick to heavily embellished *kameez* or *lehenga*. She likes to wear *sarees* as well but doesn't always feel comfortable in them. For parties with her friends, she likes to go for jeans and tops or cocktail dresses.
