# Group of student protesters visit AL president's office

*Find no hostage or body as per claims*

STAFF CORRESPONDENT

Amid rumours of death, detention and abuse of students at Awami League President Sheikh Hasina's Dhanmondi political office, a group of protesters visited the office yesterday and found no evidence of the claims.

"No one was held hostage at Awami League office and there were no victims inside it," Kazi Hasibur Rahman Turja, a student protester, said after visiting the office last evening.

They were misled by the rumours, he added. He was briefing reporters at the AL president's office.

Rumours were spread that four student protesters were killed and some female students were held hostage inside the AL office, allegedly by BCL men after they carried out attacks on the protesters, said Turja, a student of Dhaka Ideal College.

Before the rumours spread, BCL allegedly carried out attacks on the protesters at Dhanmondi 3 near Jigatola. But the rumour of death escalated the situation and the protesters had a face-off with BCL men, turning the area into a battlefield.

Turja said he was shouting slogans with his other protesters at Science Lab intersection around 11:00am.

After Zohr prayers, a group of people told them that BCL men launched an attack on protesters in Jigatola area, he said.

"On receiving the information, everyone was shocked, but we did not leave our position. Some might have carried out an attack on the AL office that led to a chase and counter-chase in the area," he added.

"We were initially misled... but found no validity of the claims as we visited the office," Turja said and urged the protesting students

outside the office not to believe unfounded information.

At the briefing, BCL general secretary Golam Rabbani said the government has met all the demands of the students as those are logical.

He alleged BNP-Jamaat men instigated the students by circulating rumours of death and confinement of some female students. No one was kept confined or beaten up inside the party office, he claimed.

When a student asked him for taking steps against BCL men who attacked the protesters, Rabbani said they will initiate an impartial investigation into the incident.

Before Turja's briefing, AL Office Secretary

Abdus Sobhan Golap called upon the protesters and their guardians to leave the streets.

"Your demands are justified and the government has already accepted them. You're the future leaders of the nation. Why are you on the streets?" Golap said.

Golap also said the entire country has plunged into an acute crisis as drivers are not willing to operate vehicles on the streets due to fear of safety.

Turja later addressed another briefing near BGB Gate-4 and said, "Our movement is non-political and we are not against Chhatra League or the government. We are waging our movement for the nine-point demand."

## Ramiz Uddin Cant College gets 5 buses

UNB, Dhaka

Five buses have been handed over to the authorities of Shaheed Ramiz Uddin Cantonment College in Dhaka yesterday. Farid Ahmed Bhuiyan, chairman of Bangladesh Road Transport Corporation, handed over the buses on behalf of the prime minister to Maj Gen Ataul Karim Sarwar Hasan, Dhaka log area commander and the school's chief patron, in front of Combined Military Hospital around 9:30am, said Rezaul Karim Shammi, assistant director of ISPR.

On July 29, two students of the college -- Diya Khanam Mim and Abdul Karim Rajib -- were killed as a bus ploughed through some students in front of Kurmitola General Hospital on Airport Road.

## Nirmul Committee to support AL in nat'l polls

STAFF CORRESPONDENT

Ekattorer Ghatok Dalal Nirmul Committee and its associate organisations yesterday decided to support Awami League in the upcoming national election, slated for later this year.

Nirmul Committee leaders claimed that AL is the only party which upholds the spirit of Liberation War and is on the side of the pro-liberation forces.

Speaking at a conference, they called upon other like-minded organisations to support the ruling party and directed their district-level leaders to forge separate "resistance committee" to counter the anti-liberation forces.

Nirmul Committee organised a two-day conference at Bangladesh Medical Association (BMA) auditorium in Dhaka to prepare an action plan for the upcoming polls.

Yesterday was the last day of the programme.

Writer and war crimes researcher Shahriar Kabir, also president of the Nirmul Committee, claimed that AL could clinch "landslide victory in previous national polls" because of the efforts of such organisations.

"Nirmul Committee should lead bringing other like-minded organisations together to support the pro-liberation party," he said.

"We can earn victory if we work this way. There is no alternative," added Shahriar.

An adviser to the Nirmul Committee, Maj Gen (retd) Abdur Rashid, also chairman of Institute of Conflict, Law and Development Studies, said if the party cannot win in the election, the spirit of Liberation War will not thrive.

Maj Gen (retd) KM Shafiqullah Bir Uttam, president of Sector Commanders' Forum; Kazi Mukul, general secretary of the Nirmul Committee, among others, spoke at the conference.

## Developing rail, waterways an effective solution

*Poba's suggestion for tackling road accidents*

UNB, Dhaka

Giving priority to rail and waterways development can be an effective solution to stop road accidents, said Poribesh Bachao Andolon (Poba), an environmental advocacy group, yesterday at a programme.

Poba organised the discussion titled "Deaths and Anarchy on Road: Reasons and Solutions" at its main office in Dhaka.

Presiding over the programme, Poba Chairman Abu Naser Khan said ensuring road safety is impossible without ensuring proper traffic and transport management.

## Election Commission performing as a 'mere witness'

*Dr Kamal Hossain says*

STAFF CORRESPONDENT

Blaming the Election Commission for performing the role of a "mere witness", Gono Forum President Dr Kamal Hossain yesterday said a greater national unity has to be formed for a free and fair national election.

He was addressing a press conference -- at the party office in the capital's Arambagh area -- on the latest political situation in the country, after an extended meeting of the party's central and grassroots leaders.

Dr Kamal Hossain said his party will work for national unity and a participatory election.

Criticising the ruling party, the veteran politician said Awami League played a pioneering role once to ensure that a free and fair election was held through movements but it now "fears to hold such elections".

Responding to a query, he said, "It will be a disaster if the election is held under the current EC." Election will not be free and fair if the EC does not play an impartial role, he added.

Reading out a written statement, Gono Forum General Secretary Mustafa Mohsin Montu said Bangladesh has virtually turned into an "autocratic state" as everything, including the judiciary, circles around one person.

At the meeting, the party decided to take "effective measures" to form a national alliance, "Shoirachar Birodhi Brihottor Jatiya Oikko", which will comprise of democratic political parties, civil society members and representatives of different professional backgrounds.

Montu said the alliance's aim will be to reinstate people's power and effective democracy as well as to establish rule of law based on the spirit of the Liberation War and Gono Forum's seven-point demand.

At the meeting, party members expressed solidarity with the ongoing student movement for road safety.

## Golam Sarwar hospitalised in Singapore
