

# Look Out For These Eid Releases

One of the biggest movies set to be released this Eid is *Beporowa*. Bobby and Roshan will star in this film. The film has been directed by Raja Chanda. Sahidul Alam Sachchu, Kazi Hayat, Kamal, Rebeka and others will star alongside Bobby and Roshan. Jaaz Multimedia has produced the film. Most of the shooting took place in India's Ramoji Film City. Jaaz Multimedia's proprietor Abdul Aziz said, "This coming Eid, we have decided to release the film *Beporowa*. The movie is ready for release, and the audience is eager to watch it. I am certain that *Beporowa* will do well this Eid-ul-Adha." The lead actor Roshan said, "The satisfaction I got from doing the movie was incredible and I was able to give the same satisfaction to the

team with my work. I have complete faith in

*Beporowa*. Every actor requires a film like this in their career. I had to wait two years to get an opportunity like this. It is always exciting to hear that a film is going to be released on Eid.

Audiences are very excited during this time, and are eager to go and watch movies. I hope that the audiences will like the film."

Another film

set to be released this Eid is *Amar Prem Amar Priya*. The film stars Pori Moni, Arju, Misha Sawdagor and others. The director of the film said, "My film is all set to be released this Eid. The main thing about this movie is the plot. I paid a lot of attention to it. I also believe that Pori Moni gave it her all. If all goes well, the film shall be released this Eid and the audiences will love it."

*Matal* is another flick all set to rule the cinema halls this Eid. The mainstream director Shahin Sumon has directed the movie. Symon Sadik, along with new actor Adhra Khan starred in this film. About the film Symon said, "As I have two movies coming out this Eid, competing against myself is a very different and difficult experience. It's a very unique experience

when an actor has two films coming out in one week. And as both are getting released during Eid; it adds even more pressure. But, at the end of the day, audiences want to see a good film. And both *Matal* and *Jannat* have good stories and makings. Now let's see what happens."

Alongside these films, rumour is that *Mone Rekho*, a film by Mahiya Mahi and Kolkata actor Bonny will also be released during Eid. The film, produced by Heartbeat Productions wrapped up filming a few days ago. *Nolok*, starring Shakib Khan and Bobby is also said to be planned for released next Eid. But, as the filming is still ongoing, it is highly unlikely that it will be released in such a short time.
