

FEMME FABULOUS

JAYA AHSAN

Jaya Ahsan, the Bengali Aphrodite is the embodiment of glamour and elegance. The beguiling beauty is as awe-inspiring off-stage as she is on screen. In a recent interview with Star Showbiz, Jaya reveals the secrets behind her bewitching beauty.

SKIN CARE

Jaya Ahsan believes a healthy and organic diet is the key to looking youthful and fresh. Apart from using branded products and cosmetics, her first step for cleansing her skin after a long day of shoot is unrefined coconut oil followed by a good toner. Then she continues to follow her night care routine by using a rich moisturizer and night cream to keep her skin soft and moisturized. Jaya enhances the smoothness of her skin by applying pure sandalwood mixed with rose water on her face like a mask and she does this once or twice a month. Her main mantra for an absolute perfect skin is hydration and nutritious balanced diet.

HAIR CARE

Jaya applies coconut oil on her hair whenever she gets the opportunity. She even does her shoots with oil on her hair and does not lack confidence with this. She uses the Argan oil infused, *Moroccanoil Shampoo* and *Conditioners* to wash her hair.

MAKEUP

When it comes to makeup she tries to keep it very minimal and natural looking. For her normal everyday makeup she prefers using *Christian Dior* concealer and for parties she uses the *Christian Dior Airflash Spray Foundation*. For professional makeup during shoots a blend of *Mac* and *Kryolan* is used. If available, *Bobby Brown* is also used to set the base. Her favorite lipstick brands are, *Mac*, *Shiseido* and *Urban Decay*.

REGULAR WEAR

She loves wearing saree over everything, but it's too hectic to drape them every day. So for her everyday errands she chooses to wear salwar kameez, casual t-shirt, and kurtis paired with pants or jeans.

PARTY WEAR

For parties Jaya usually wears designer dresses. She loves promoting Bangladeshi Muslin at functions in India.
