

SUNNY and TAPOSH'S 'Lovely Accident'!

Actor Sunny Leone is set to collaborate with Bangladeshi musician Kaushik Hossain Taposh. They are set to make a song together called *Lovely Accident*. The track which was made by Jam8/Pritam has the melodies of both Bangladesh and India combined together. Sunny shared her experience by saying, "Taposh is a total professional in every sense. He knows what sounds good and what he is looking for creatively, which is the best way for me to work with

any artiste, the idea was to capture the look and feel of the song in a way that will make our individual talents shine beautifully. So, we've showcased my dancing skills but since he isn't a dancer, his musical talent has been shown through the visuals of the music video. It was interesting as well as challenging but we have pulled it off amazingly." Sunny Leone's husband, Daniel Weber made his debut as a music video producer with this video.
