Abed Khan new PIB chairman

UNB, Dhaka The government has appointed Abed Khan, editor of bangla

daily Jagoron, as chairman of the board of directors of Press Institute of Bangladesh (PIB). The information ministry on Monday issued a

notification in this regard saying that journalist Abed Khan will lead the 15-member board of directors of the institute. The post had fallen

vacant following the death of former Chairman Golam Sarwar on August 13, 2018.

The order will be effective immediately, said the notification.

3 families yet to find

FROM PAGE 3 and younger sister Maliha Meherin received her body.

"My sister worked to be an accomplished judge, after completing her Bar-at-law degree from abroad... but her dreams have now turned into ashes," Maliha told this correspondent.

Dola, a second year law student at Bangladesh University of Professionals, was going back to her Lalbagh residence on rickshaw with her friend after attending a cultural programme at Bangladesh Shilpakala Academy.

Rickshaw-puller Mostofa's body was received by his wife Jesmin Begum.

Jesmin was found sitting in front of the DMC morgue with two sons Jihad, 12, and Jibon, 7. Her third son Jisan, 5, was in their Kamrangirchar home. "I am knocking on different doors

with my three children to identify my husband's body since the accident took place, and finally got his trace today (Tuesday)," said Jesmin.

"Mostofa was the only earning member of the family, and I do not know how we will survive now," she

added.

Victim Hazi Ismail's son Sohrab Hossain received his body.

Sohrab said they had a plastic factory in Chawkbazar and his father went to the factory on that day. Around 11:30pm, they called on his father's cell phone after hearing the news of the fire, but the phone was switched off, he said.

"Finally, I got my father's body through DNA sample verification, he added.

The body of Foysal Sarowar was received by his wife Fatema Akter.

His nephew Rahat Khan Rocky said Foysal was a businessman. On the day, Foysal left home to buy his mother's medicine. His friend Mahmud then offered him a cup of tea at Churihatta, and never returned, said Rocky. Regarding the fifth body, Lokman

Hossain, sub-inspector of Chawkbazar Police Station, said family members of fifth victim Md Jafor mistakenly took the body of another victim.

"So, we would apply to recover the body of that victim first from graveyard, and then handover Jafor's body to them," he added.

Stop felling

FROM PAGE 3

Gazipur, Manikganj and Cox's Bazar have been made respondents to the rule. The implementation of government

projects will not be disrupted following the HC directive, petitioner's lawyer Syeda Rizwana Hasan told The Daily Star. The HC bench of Justice Sheikh Hassan

Arif and Justice Razik-Al-Jalil came up with the order and rule following the writ petition filed by Bangladesh Environmental Lawyers Association (Bela) seeking necessary order to protect the forests and forest lands. In the petition, the organisation chal-

lenged the legality of conversion of forest and forest lands through cutting trees while implementing projects for establishing petroleum depot on 191.25 acres of land in Maheshkhali forest, a mini-stadium on 2.34 acres of forest land in Gazipur's Kapasia, and cutting trees while constructing Singair-Hemayetpur road in Manikganj. During the hearing, Advocate Syeda

Rizwana Hasan told the court that the cabinet division of government cancelled a bill on the tree protection law in 2016, saying that two to five times higher numbers of trees will be planted if the trees from forests and forest lands are cut while implementing development projects.

But the government has not planted any tree after cutting them in the forest and forest lands, she said.

Introduce

he said.

five-storey hospital building, situated in the capital's Fulbaria, will be expanded to 16 storeys, and several medical equipment and vehicles will be bought. Besides, another project on establishing Sheikh Hasina Nakshipalli (handicrafts village) in Jamalpur was approved at the meeting,

The aim of this project is to form a specialised zone for craftsmen and improve their living standards. The cost of the first phase of the project is about Tk 722 crore, which will be spent mostly for land acquisition and development. Of the other projects,

three are related to road transport, particularly quality improvement and widening of highways, and one for extension of cultivation of lemon crops, the minister told journalists.

Finance Minister AHM Mustafa Kamal, Information Minister Hasan Mahmud, Commence Minister Tipu Munshi, Health and Family Welfare Minister Zahid Malegue and Education Minister Dipu Moni, among others, were present at the meeting.

120 children with special needs get accessories **OUR CORRESPONDENT, Savar**

A total of 120 children with disabilities got accessories at a programme organised by two NGOs in Savar yesterday. Village Education Resource Centre and Save the Children

held the programme on their "Hope Project" at Savar Upazila Auditorium. Ziaur Rahman, upazila social service officer, was present as

chief guest while Wasma Armeen, assistant education officer in Savar presided over the programme.

BB executive director

and will reopen on March 31.

The court asked Shubhankar to submit a report to the court on the steps taken for retracting copies of the book from the market and stopping its further publication. The bench of Justice Md Ashfaqul Islam and Justice Mohammad Ali set one week after vacation for further hearing.

Petitioner's counsel Barrister ABM Altaf Hossain told The Daily Star that Shubhankar's apology for distorting history is unacceptable.

Dr Kazi Ertaza Hasan, chairperson of Bangladesh Human Rights Development Commission, filed the petition challenging some of the contents of the book published by the central bank in 2017.

HC asks

FROM PAGE 3 In the rule, the court asked the government authorities to show

relevant laws and rules for safe movement of road users.

The court also had asked the authorities to explain why they should not be ordered to formulate a new law to prevent reckless driving and road accidents in future. The HC issued the rule after Supreme Court lawyer Umme Kulsum Smrity, on May 13, filed the writ petition seeking necessary order on the respondents to compensate Russel for his damaged leg and to stop reckless driving.

Organization Bangladesh

REQUEST FOR PROPOSAL (RFP)

The World Health Organization in Bangladesh invites proposals/bids using "Two-envelope system" from the interested Companies in Bangladesh for the following service:

 RFP/BAN/2019/002: For the provision of repair and maintenance work including supply of spare parts of vehicles of WHO Bangladesh on Long Term Agreement basis.

Deadline for the submission of RFP: 14:00hrs, 27 March 2019.

Interested Companies can view and download the relevant RFP documents from:http://www.searo.who.int/bangladesh/procurement/tender/en/.

Interested bidders are requested to submit their financial and technical proposals in two separate sealed envelopes as per the instructions provided in the RFP documents at the Reception of WHO- Country Office for Bangladesh, United House, 10 Gulshan Avenue, Gulshan-1, Dhaka.

Invitation for Tender for Selection **NKDOS** of Sub Consultant NKDOS CONSORTIUM Name of agency Name of the project Consultancy Service for Detailed Design and Tender Assistance for Dhaka Mass Rapid Transit Development Project (DMRTDP) (MRT Line 1) (E/S). Manpower crisis limits CT scan service at CMCH

ARUN BIKASH DEY, Ctg

The CT scan service at Chattogram Medical College Hospital (CMCH) has resumed after four years but a shortage of manpower is still depriving many patients of the service.

At the end of February this year, hospital authorities replaced the old machine but the service is being offered for only six hours a day, due to manpower shortage at the radiology and imaging department. The department currently has only nine technicians for X-

ray, ultrasound, MRI, and CT (Computerised Tomography) scan, doctors at the hospital said while stressing the need for fresh recruitment. "At present, the CT scan service is available from 8:30am to 2:30pm. We could offer it round-the-clock if five more techni-

cians were assigned," observed Subash Mazumder, associate professor and head of the radiology department. "When patients with head injuries come to the emergency at night, they do not get the service immediately. They have to

wait till the morning," he told The Daily Star. Farid Uddin, 52, who suffered a stroke, was brought to CMCH on January 18.

"My father runs a small shop and I am the eldest son," said Farid's son Saiful, a master's student of Chittagong College. "The doctors at the Neuromedicine Unit advised CT scan but we had to wait for two days to gather the money to perform the test at a diagnostic centre."

At CMCH, CT scan costs Tk 2,000-Tk 4,000 but at private diagnostic centres the cost rises up to Tk 4,000-Tk 15,000.

Wali Ashraf Khan, general manager of Popular Diagnostic Centre, Chattogram, said cost of CT scan at his centre ranged between Tk 4,000 and Tk 14,500.

"The cost of CT scan for whole abdomen is Tk 14,500 while for brain it's Tk 4,000," he said.

Subash also pointed out scarcity of doctors in the radiology

department. "At present, there is only one associate professor and one assistant professor. Posts of one professor, one associate professor, and five assistant professors need to be filled, said the physician. Director of CMCH Brig Gen Mohsen Uddin Ahmed, how-

ever, said, the new machine was still under testing. "We are monitoring its performance. If everything goes right, it will go for operation in full swing by the end of this month." According to him, the 1,313-bed hospital attends around

2,500 patients daily. "It was initially a 550-bed hospital. Although the number of beds was increased twice, the manpower was not upgraded accordingly," said Brig Gen Mohsen. CT scans are conducted to get a clean picture of lesions, said

Aniruddha Ghosh, associate professor of medicine at CMCH. Sources at the hospital told this correspondent that some 300 to 450 patients used to take service from the old CT scan machine every month. The machine was installed in 2006 but it broke down in 2014. The new machine was bought at Tk 7 crore in November last year and finally installed at the

end of February this year, they said. Patients, particularly those from low and middle-income families, suffered badly during these four years.

US envoy

additional \$45.5 million to the 2019 Joint Response Plan, bringing total US contributions to \$105.5 million, Ambassador Miller traveled to Cox's Bazar to ensure good stewardship of US tax dollars and to review the outstanding work being done by the Bangladesh government, UN agencies, and NGOs to provide humanitarian assistance and shelter to more than 9,00,000 Rohingya in Cox's Bazar.

The United States works hand-in-hand with the Bangladesh government and local communities to build Multi-Purpose Cyclone Shelters (MPCS) and train emergency first responders. The United States, through USAID, has built nine MPCS's and upgraded 60 in the Cox's Bazar district since 2008.

USAID, in coordination with the Government of Bangladesh, plans to repair approximately 100 more existing MPCS's in Cox's Bazar and Bandarban districts. MPCS's serve both refugee and local communities during cyclones, and are further used by local communities year-round to serve general community needs.

Ambassador Miller took the opportunity to visit a number of refugee camps and speak with the Rohingyas and NGOs providing services to the camps.

The United States is the leading contributor to humanitarian assistance in response to the Rohingya refugee crisis and has provided nearly \$500 million in assistance since the outbreak of violence in August 2017, with approximately \$450 million of that dedicated to programmes in Bangladesh for the refugees and host communities.

Former police sergeant FROM PAGE 3 months in jail.

Judge Syed Kamal also directed the authorities concerned to confiscate his three apartments in the capital, in favor of the state.

Assistant Director of Anti-Corruption Commission (ACC) Monayem Hossain filed the case with Ramna Police Station accusing Azahar of amassing wealth worth Tk 1,12,86,100 illegally and concealing information of Tk 78,38,397 in the wealth statement. Azahar resigned from his job after the case was filed against him.

Monayem submitted a charge-sheet against the former police official on June 2015 while the court framed charges against him on March 2016.
