*Sallha Khanam Nadia has made her name in the entertainment industry, both as an actor and a model. She has been featured in many TVCs, and has gained significant praise for her work in the television series, titled 'Mahiner Lal Diary'. In a recent interview with Star Showbiz, she talked about her fashion preferences.*

**What is your style mantra?**

I like clothes that are simple and comfortable, yet make me look fashionable. I'm not a fan of clothes that are form-fitting.

**Who is your favourite style icon in Bangladesh and in Hollywood?**

Amongst celebrities, my favourite style icon is definitely Sadia Islam Mou. I also like the fashion sense of Tahsan Rahman Khan and Adil Hossain Noble. From the celebrities in Hollywood, my favourites are Chris Evans, Tom Cruise and Scarlett Johansson.

**Who is your favourite fashion designer?**

I generally don't wear designer clothes. My mother and I usually design the clothes I wear. But amongst the Bangladeshi designers, I like the work of Shahrukh Amin, Biplob Saha and Asma Sultana.

**What is your regular everyday wear?**

For everyday attire, I usually go for *kurtis* or loose pants paired with tops. I always make sure to carry a scarf with me to protect myself from pollution.

**What is your general party wear like?**

To me, getting dressed for a party is a form of challenge. I try to present myself in a unique manner, no matter what the event is. When I go to parties, I usually like wearing

*kameez*, especially *anarkali* styled ones. If it's a birthday party, I might opt for a dress, as they are my favourite kind of clothing. I rarely wear *sarees*.

**What are your favourite accessories?**

My favourite accessories are watches and bracelets. I also like collecting different varieties of shoes.

**What is a must have in your wardrobe?**

I always keep jeggings and scarves in my wardrobe.

**What is a fashion trend that you dislike?**

I dislike any trends that require one to show too much skin.

**Which fashion trend would you say is your favourite?**

I really liked it when loose pants were trendy. I generally do not follow the trends, but I enjoyed the time when jumpsuits were popular, as they tend to be very flattering.

**What fashion message would you like to give to the readers?**

Everyone should wear clothes in which they feel smart and confident. One should not follow someone else's style, but wear what makes them feel comfortable.
