

# EU arranges training on graphic design

Eastern University (EU), in cooperation with Creative IT Institute, has recently organised a day-long training on graphic designing for its students at Ashulia campus. Mohammed Ullah Rocky, Senior Trainer from Creative IT, a renowned IT firm conducted the session using Adobe Photoshop CS6.

Graphic design has a big role to play in the modern competitive business environment. Businesses need the services of graphic designers to create impressive marketing materials. These materials include brochures, business cards, websites, leaflets and so on.

Salman Haider, Director of Career Services & International Office (CSIO) of EU made a concluding remark by inspiring students to develop soft skills to compete in the job market. Sohel Rana, In-Charge of OSA of EU was also present at the occasion.

## IUB student wins Wellcome Sanger Institute Prize 2019

Maliha Tanjum Chowdhury, a third-year Biochemistry student at the School of Life Sciences of Independent University Bangladesh (IUB) has won the prestigious international Wellcome Sanger Institute Prize 2019. This is the first time that a Bangladeshi student has won this international recognition. The Wellcome Sanger Institute is one of the most renowned centers for genome research in the world. The winner of the Wellcome Sanger Institute Prize is awarded a 3 month internship in the UK at the institute where all expenses including travel and accommodation, etc. are covered.

Three students from the School of Life Sciences at IUB (Jabale Rahmat and Humaira Alam along with Maliha Tanjum Chowdhury) were among the 34 participants who made it to the second stage, out of 480 students from a list of 135 eligible countries who had participated in the first round.

The Sanger Institute Prize is an annual competition which began in 2002 by the Wellcome Sanger Institute for undergraduate students from low and middle-income countries which assesses the students' inherent understanding of genomics and their ability to critically utilise that knowledge in proposing innovative ways of moving forward experimentally. In the 2019 competition, applicants were asked to write an essay detailing their interest in genomics for the first round. The selected individuals from the first round were then invited to send in an article in the form of a commentary for the journal Nature on the topic "CRISPR-cas9: Opportunities and Hurdles for Clinical Translation".

## BUBT wins Indo Bangla T20 Cricket Tournament 2019

Students of Bangladesh University of Business and Technology (BUBT) became the winners of Indo Bangla T20 Cricket Tournament 2019 beating Daffodil International University team by 42 runs.
