Don't politicise Khaleda's treatment

Info minister tells BNP

UNB, Dhaka

Information Minister Dr Hasan Mahmud yesterday asked BNP leaders not to do politics over their Chairperson Khaleda Zia's medical treatment.

"The government is trying to provide the best medical treatment to Khaleda Zia," said the minister while talking to reporters during a views-exchange meeting at the Secretariat.

He said when Khaleda was at the Old Dhaka jail, there were doctors, nurses and physiotherapists for her. Besides, there was a house help with her. "I don't know whether anyone receives such facilities in the Indian subcontinent."

The minister said Khaleda's illness is an old issue. She has been suffering from knee problem for the last 15 years and it sometimes gets worse, he added.

Responding to a question about Dr Kamal Hossain, Mahmud asked how will those who cannot maintain unity among themselves forge a greater unity to protect democracy?

About the growing number of newspapers, the minister said there are 3,500 newspapers, including 1,200 dailies, in the country. "The online media will be brought under a registration process soon," he added.

On Friday, BNP Secretary General Mirza Fakhrul Islam Alamgir alleged that the government is trying to kill Khaleda in jail. "The government is prolonging Khaleda Zia's stay in jail by creating obstacles to her release using various ploys. They are trying to interfere in the trial and push her towards death in jail without treatment," he said in a press conference at BNP chairperson's Gulshan office.

BRTC to get 400 more buses: Quader

BSS, Dhaka

Road Transport and Bridges Minister Obaidul Quader yesterday said Bangladesh Road Transport Corporation (BRTC) is getting 400 more buses on the occasion of Eid-ul-Fitr.

"Two hundred buses have already been added to BRTC fleet under Indian line of credit and 400 more are on their way," he said at BRTC office in Motijheel while discussing Eid-time traffic management.

Quader urged BRTC officials to improve service and restore its goodwill. He also underscored the need for making BRTC a profitable organisation.

BRTC Chairman Farid Ahmed Bhuiyan and officials concerned were present.

Asian Development Bank Country Director Manmohan Parkash earlier called the minister and expressed his keen interest to impart training to drivers.

Transgender rights

her identity in her educational certificates, but in vain. She finally resorted to obtaining her NID in 2007 as Mamun Molla, and a passport with the same name in 2017. Her conflicting identities lead to raising of eyebrows, series of questions and harassment in every step of her life. This has to end, said Chaity and her peers, present at the event.

Neighbouring countries have made notable progress in ensuring the rights of transgender people. Indian Supreme Court accepted self-identification as the principle that should govern gender recognition, with no other requirements like gender-affirming surgeries or hormone therapy. Nepal did it first in 2007.

Pakistan is one step ahead; it made a law last year allowing transgender community to have full recognition in their official documents.

Social Welfare Minister Nuruzzaman Ahmed, present as the chief guest at the event, assured that his ministry would work to facilitate the changes needed to protect the rights of transgender people. NHRC Chairman Kazi Reazul Hoque was also present at the event.

Students of classes 9 and 10 will be given 10 options and will need to pick one.

They said the country needs more skilled manpower, and technical education is important to meet that need. Many developed countries have more than 50 percent students under technical education.

Madrasa and technical education officials have said that currently 16 percent students are availing technical and vocational education in the country; the ratio was one percent in 2009.

The government has set up a target to have 20 percent students under technical education by 2020 and 30 percent by 2030.

Many guardians are reluctant about their children receiving technical education as it was traditionally considered for academically weak students and there is a stigma associated with that.

SSC vocational courses at general schools and colleges were introduced in Bangladesh in 2004. Currently 2,30,395 students are enrolled in SSC vocational at 2,711 general schools, according to Bangladesh Bureau of Educational Information and Statistics (BANBEIS) data.

BANBEIS also said that 10,67,484 students were enrolled in 16 types of 6,865 technical and vocational institutes in 2018.

The numbers of such educational institutions and their students are increasing steadily. Total institutions were 1,137 in 2000, 2,317 in 2003, 5,790 in 2015 and 5,897 in 2017. Total students were 1,16,055 in 2000, 1,88,686 in 2003, 8,72,658 in 2015, 8,75,270 in 2016 and 8,91,964 in 2017.

Improve road, drainage system

Residents urge Savar municipality

OUR CORRESPONDENT, Savar

They made the call at a pre-budget dialogue held at Savar municipality auditorium. Residents from several colonies in Savar municipality were present during the programme arranged by Urban Development Project of Brac.

They said they always face difficulties to move from one place to another due to poor condition of roads. Lack of proper drainage system causes waterlogging in most of the colonies during rainy season.

Addressing the event, the residents requested the municipality authorities to resolve the crisis.

Savar municipality Mayor Haji Abdul Goni, who was present at the dialogue, said they will try their best to meet the demand. "We will allocate more fund from budget in this regard," he said.

Saif Iqbal, manager, knowledge management of Brac; Rashidul Islam, monitoring and evaluation officer of Brac's Savar office; municipality ward councillors and officials were, among others, present on the occasion.
