

THE PRODIGAL SON

The prodigal son is a
master of melody
By the time you'd blink,
a new tune will be ready
When he's on his keyboard,
you need to see to believe
The enchantment he brings and the
musical depth underneath
When he takes the mike,
it's a world of bliss
His voice is as soothing
as a reassuring kiss
When it comes to musicians,
he's on top position
Because no one can beat Habib
Wahid's composition.
