# HEERA

**What is your style mantra?**

My style mantra is to always be trendy, without compromising my comfort.

**Who is your favourite style icon in Bangladesh?**

I don't really have a favourite style icon; but I have watched Bipasha Hayat and Sadia Islam Mou since I was young, and their work really inspired me to pursue a career in modelling.

**Who is your favourite style icon in Hollywood?**

Gigi Hadid is inarguably my favourite style icon in Hollywood.

**Who is your favourite fashion designer?**

In Bangladesh, Maheen Khan and Rina Latif are my absolute favourites. When it comes to brands, I find *Sabyasachi* a good option for trendy, yet traditional outfits. Another favourite brand of mine is *Zara*. Their clothes are simple yet fashionable. *Mango*, *Gucci* and *Versace* are also a few of my go-to brands.

**What is your regular everyday wear like?**

My everyday attire is usually a t-shirt or a shirt, paired with jeans.

**What is your general party-wear like?**

My party-wear varies with the occasion. I generally avoid wearing *sarees*, and rather opt for long gowns or dresses. I always choose outfits that are fashionable and simple, rather than clothes that are bold and colourful.

**What are your favourite accessories?**

I like collecting watches, sunglasses and bags, but my favourite accessory is heels. I actually have a big collection of them. I also have a small collection of rings and bangles, but I'm not a very big fan of jewellery, so I don't wear them very frequently.

**What is a must-have in your bag?**

I only carry the essentials in my bag, such as my phone, wallet and headphones. I don't like carrying much makeup around with me, but my blush is a must have in my bag.

**What are some fashion trends you like and dislike?**

Fashion is always changing, and new trends are seemingly being introduced every day. The fashion industry in Bangladesh has evolved significantly, and the brands are keeping up with the international trends. I enjoy all the trends that come and go, even if I don't follow them all.

**Any message for the readers?**

I would like to ask the readers to follow the fashion trends that they look good and feel comfortable in. I would also like to thank them for loving and supporting me, and to always keep doing so.
