

TITLE MADNESS

The highly anticipated film, *Mental Hai Kya*, directed by Ekta Kapoor is facing difficulties with its trailer's release date. It was first supposed to be released in March, but after postponing twice, it is finally set to be released in July. This is allegedly because of the objections raised by the *Indian Psychiatrist Society*, regarding the film's supposed careless portrayal of mental illnesses, which was reflected in the controversial title. *CBFC* has taken the objections into consideration, and has announced that the title might be changed before the release on July 26, 2019. *Sentimental Hai Kya* is said to be the alternative title.

KEANU IN 'MCU'?

There is no denying that if there's one actor in Hollywood that virtually everyone loves, it's Keanu Reeves. Even *Marvel Studios* seem to be very keen on working with Reeves, as reflected in *Marvel Studio's* President's words, who reportedly revealed that the actor was approached to be a part of almost every single *Marvel* movie. However, Reeves hasn't accepted any offer yet. *MCU* won't

stop trying though it seems, as the offers will keep on coming. *Black Panther* and *Doctor Strange's* sequels, and *Black Widow's* new movie are in the making, while it is also being rumoured that *The Eternals* will be getting a movie soon. Perhaps, we'll be able to see the beloved actor in one of these films.

Bieber vs Cruise

Justin Bieber recently tweeted something quite odd, "I wanna challenge Tom Cruise to fight in the octagon. Tom if you dont (sic) take this fight your (sic) scared and you will never live it down. Who is willing to put on the fight? @danawhite?". According to the tweet, Bieber wants to have a one-on-one with the legendary Tom Cruise, which was taken to be a joke at first. However, it has been reported by the co-CEO of *UFC* and Dana White himself that Bieber would actually fight Cruise, if the actor was up for it. How good of an idea that is, is up to debate. How a popstar would win against Tom Cruise, who has been doing his own stunts for decades, is beyond us.
