

SYMON'S happy tears

Symon Sadik and Mahia Mahi will be seen on the silver screen together once again in the upcoming film, *Anondo Osru*, which has been directed by Mostafizur Rahman Manik. The shooting for the film has recently been completed, and the film is set to be released in a few months. Symon said, "This will be the first time I am playing a character like this. I am playing the role of a Baul named Farhad who can go to any length for love. The audience will see me in a new light, and I really hope they will like it." A film with the same title had been released in 1997. However, this film has nothing to do with the 1997 version as the plot and cast are completely different. The pair had previously been seen in two other films, *Poramon* and *Jannat*.
