

OVER the top

Summer calls for the cutest outfits comprising the most comfy tops. The hot, humid weather demands something airy; the bright, sunny ambience asks for something fun. And a fancy top can check the boxes for both!

As always, we are not here to settle for anything basic. From cut-outs to flares, we are here to amplify your style by going over the top.

The blend of current trends and personal style is all you need for a top haul. Off-shoulder and cold-shoulder tops have been around for more than a season now. And to be honest, none of us can get enough of either!
