I am delighted to know that Bangladesh University of Business and Technology (BUBT) is going to hold its 4th Convocation on October 10, 2019. On this solemn occasion, I extend my heartiest felicitations to all the graduates, faculties, guardians and the university authority as well.

University education plays an important role in building a knowledge based society. In the 21st Century, I believe, balanced education consists of textual knowledge and practical experience is a must. To cope with the growing challenges, the Government of Bangladesh has attached a great importance to ensuring quality in higher education. Ministry of Education recently concluded Higher Education Quality Enhancement Project (HEQEP) in collaboration with the World Bank. A good number of public and private universities were awarded grants for implementing different projects aiming at upgrading academic facilities and infrastructure. I am glad to know that BUBT also was awarded a grant to establish BUBT Language Lab. I hope, the present generation will make full use of these facilities to find themselves more skilled to build a happy and prosperous Bangladesh.

Convocation is landmark ceremony for the students which formally confer degrees upon graduating students. It provides us ample opportunity to evaluate overall activities of the institution. I hope the BUBT graduates will make the proper use of their hard earned knowledge to achieve competency in their respective field of study and build a happy and prosperous Bangladesh. I wish them a very bright future.

I wish the 4th Convocation of BUBT a great success.

Khoda Hafez, May Bangladesh Live Forever.

I am delighted to know that Bangladesh University of Business and Technology (BUBT) is going to hold its 4th Convocation on October 10, 2019. On this solemn occasion, I would like to extend my warm felicitations and congratulations to graduating students, their parents and guardians, teachers and the BUBT authority. The University Grants Commission (UGC) has been working relentlessly with different projects aiming at improving the academic facilities of both public and private universities of Bangladesh. Through the recently conducted HEQEP program, a large number of public and private universities implemented different projects in four phases under the supervision of the UGC in collaboration with the World Bank.

I am pleased to know that BUBT is an awardee of the HEQEP Sub-Project of the UGC entitled "Establishment of BUBT Language Lab and its Operation (CP 6035) under Academic Innovation Fund (AIF). I understand that the lab is now in operation and students of BUBT are engaged in learning the four skills of English Language in the lab. I am also glad to know that UGC sent letters to 12 private universities including BUBT for starting their academic programs in their own campuses within the stipulated time frame. It is satisfying to note that BUBT is committed to imparting quality education at an affordable cost.

I wish the 4th Convocation of BUBT a great success.

I am extremely happy that Bangladesh University of Business & Technology (BUBT) is going to hold its 4th Convocation on October 10, 2019. On this memorable occasion, I would like to congratulate the graduating students, their thoughtful parents and guardians, their dedicated teachers, the authority of BUBT and the members of the administration.

Education is the infinite source of all enthusiasm and all the motive force of the nation. No difficulty or obstacle can stand on the way of the nation's development and progress when it is educated in the true spirit and sense of the term. Proper education transforms the workforce of the country into its wealth and contributes to propelling it towards gradual peace and prosperity. It ignites the flame of the lamp of patriotism in the minds of the people. This university, inspired by a sincere desire to contribute towards genuine higher education and research, has undertaken every ambitious but practicable programme of activities in such a way as to enable its graduates to serve their native country and humanity at large with their knowledge and achievements.

I wish the 4th Convocation of BUBT a great success and extend my heartiest thanks to all who are involved in its management.

Professor Dr. Shafique Ahmed Siddique  
Chairman,  
Board of Trustees, BUBT

### A Brief Profile

**Introduction:**  
Bangladesh University of Business and Technology (BUBT) was established in 2003. The university has now become one of the compliant private universities with a permanent campus with sound physical facilities, outstanding teaching and the commitment to the future generation. The exception of BUBT lies in the fact that all the members of the Trustee Board are educationists, professors and entrepreneurs of education. With their leadership, the university is rapidly climbing to the top in a unique position of international standard. The vision of this university is to get the reputation of a world class university with a dynamic approach to enable the students to find their place in the world. With this aim, the university has been advancing forward with the strong support of its valued members of the Board of Trustees. The outstanding achievement of BUBT in the first fifteen years has been to remain student focused. Its motto is to provide the best quality education, training and research at a reasonable cost. BUBT never compromises with the quality and professionalism.

**Mission:**  
The University has been established to provide education with a unique quality to meet the needs of the modern society. With this end in view the courses and curricula of BUBT are so designed as to enable the students to pursue higher education and professional goals with a sound academic background. This will help the students to equip themselves as creative leaders to contribute to the socio-economic development of Bangladesh.

**Campus:**  
The permanent campus of BUBT is located at Rupnagar, Mirpur-2, Dhaka-1216 with three spacious buildings with all facilities for higher education. It is surrounded by a good number of educational institutions in an excellent academic atmosphere. The campus of BUBT has excellent communication links from all parts of Dhaka City as well as from outside the city by cars, buses, taxis, rickshaws etc. The facilities provided in our campus are air-conditioned Library, Laboratory, Hall Room, Cafeteria, Prayer Room, Class Rooms, Common Room, Study Room etc. Recently the university bought 22 bigha of land near the permanent campus at Rupnagar, which is currently used as the playground of BUBT. The land will be used to create facilities like a separate administrative building, a separate library building, an indoor games complex, student dormitories etc.

**Accreditation:**  
The University has been approved by the Ministry of Education, Government of Bangladesh, on the recommendation of the University Grants Commission. It is one of the top ranking Private Universities in Bangladesh. At present BUBT is branded for quality education and it has been recognized by the global community. It has an academic collaboration and credit transfer facilities with a number of foreign Universities. BUBT is a member of the Association of the Commonwealth Universities, a member of the Association of International Universities and also a member of the Association of Management Development Institutions in South Asia.

**Faculty and Programs:**  
The following are the five faculties of BUBT with the offered programs:

**Academic Sessions and Admission Schedule:**  
BUBT is committed to academic excellence and it follows a model of higher education consisting of trimesters, courses, credit hours, continuous evaluation and letter grading, conforming to international standards. The academic year begins from October and runs through September of the following year. An academic year is divided into three trimesters i.e., Fall (October - January), Spring (February - May), and Summer (June - September). The trimester duration is usually fifteen weeks (thirteen weeks for classes and two weeks for the final examination and result). Academic calendars are strictly followed in BUBT and admission process usually starts three months ahead of the start of each trimester.

**ICT Facilities:**  
BUBT is fully covered by wi-fi Internet. It has its own Servers, CAN & Wi-Fi, Software & Printing, Digital UMS, NSIS Collaboration, Programming Zone, Microsoft DreamSpark etc. Computer Science and Engineering department takes care of being updated with the developments in this field, keeping BUBT as the pioneer in adapting new technologies. It regularly organizes programming camps, competitions etc.

**Journal & Publications:**  
BUBT publishes its annual journal entitled *BUBT Journal* under a set guidelines. Advisors and the Editorial Board of *BUBT Journal* oversee the affairs of the Journal. Regular Call for Papers are made and issues printed on time. Seminars, Workshops and Extra-curricular Activities are regularly organized at BUBT. *BUBT Newsletter* is published on a half-yearly basis reflecting the activities of BUBT.

**Library:**  
Bangladesh University of Business and Technology (BUBT) Library is one of the pioneer libraries in Bangladesh in terms of comprehensive collections, variety of services, up to date technology, professionally skilled manpower, user education etc. BUBT Library is using Automated Integrated Library Management System. This is Koha-ILS, with a MySQL database, which supports MARC-21 and accessible via 239.50 or Search/Retrieve via URL (SRU), web-based online browsing databases of books, e-journals and journals. The users can also check their borrowing status, renew issued resources and can reserve two books at a time for 48 hours through the library website. The library is being used Dewey Decimal Classification (DDC) system to organize and arrange books, reports, journals and other resources.

A total of around 30,000 books with International and National Journals (hard copy), Electronic Journals (e-journals), e-books, Audio-visual Materials, Magazines (both foreign and local), Yearly Reports, and almost all leading national dailies of Bangladesh as well as a good number of other resources are available in the library on different disciplines. In addition the library has a special collection of more than 2000 books on the War of Liberation and the Father of the Nation Bangabandhu Sheikh Mujibur Rahman. Currently, the library provides lending, reference, readers' guidance, internet, reading, news clipping, database searching and printing, CD writing, audio-visual, current awareness, Selective Dissemination of Information (SDI) and reprography services to its users. The Wi-Fi and broadband internet connection of the library building help the library users to access online resources easily.

**Labs and Workshops:**  
The university has a number of well-equipped Software and Hardware computer labs to provide all types of computer related facilities for the students to carry out their academic activities. For the students of EEE and Textile Engineering Departments there are good number of well equipped Labs and Workshops with all modern machines and equipments to make the students oriented with the practical aspects and real life situations of the Electrical, Electronic and Textile Engineering.

**Institutional Quality Assurance Cell (IQAC):**  
The Institutional Quality Assurance Cell (IQAC) of Bangladesh University of Business and Technology (BUBT) was created in the fourth round of the Higher Education Quality Enhancement Project (HEQEP) of the Government of Bangladesh in 2017. At the beginning, this cell was jointly financed by University Grants Commission (UGC) and BUBT for 2 years. At present it is solely managed by BUBT to undertake some activities like, (i) to evaluate, enrich, maintain the quality of various undergraduate and graduate programs offered by different departments, (ii) to arrange necessary workshops and training programs for faculty members and officers, (iii) to supervise self assessment activities of different academic programs of BUBT and (iv) to supervise research activities of faculty members. Moreover, it maintains a liaison with the Quality Assurance Unit of the university Grants Commission.

Since its inception, it has been supervising about six departmental self assessment programs and six peer reviews. The research wing of this IQAC-BUBT has so far organized four Intensive Training Programs in

Applied Research Methodology. More than one hundred faculty members got training on Applied Research Methodology. Forty research monographs were completed by BUBT faculty members. Moreover, it organized workshops on Tertiary Level teaching methods, Teaching Ethics and Research Ethics.

**Research Centre:**  
Bangladesh University of Business & Technology established a Research Centre in September, 2013 with the objective of (i) acquainting its fresh faculty members with the various methods of empirical researches; and (ii) supervising research projects of young colleagues financed by BUBT. BUBT Research Centre has already completed four Intensive Training Programs on Applied Research Methodology. These four programs covered around 102 faculty members and financed 40 empirical research projects. BUBT Research Centre is headed by a director who is a senior university professor with more than fifty years experience of teaching and research. Moreover, it has a joint research project with IQAC.

**BUBT Language Lab:**  
BUBT Language Lab has been established with state of the art facilities through a project under the HEQEP. The BUBT Language Lab has been equipped with computers, speakers and all other modern accessories needed for such a lab. Students of BUBT make full use of the English Lab facilities to enhance their knowledge of English in four skills.

**Moot Court:**  
In BUBT there is a Moot Court to groom-up the law graduates. The future lawyers can have the practical experience of a lawyer and a judge in court area through this Moot Court. The students through the operation of a Moot Court learn drafting briefs or memorials of a case, participation in oral arguments, competition between the appellants and the respondents.

**Clubs:**  
BUBT has the following clubs for developing the students personality through extra and co-curricular activities. Activities of various clubs are published regularly in *BUBT Newsletters*. BUBT patronises the following clubs: IT Club, English Club, Business Club, Cultural Club, Games & Sports Club, Photography Club, Debating Club, Social Welfare Club, EEE Club, Textile Club etc.

**Common Room:**  
There are two well-furnished common rooms for indoor games and recreational activities of the students. The students are also provided with daily newspapers and monthly magazines so that they may remain updated with national and international news and current social, political, economical and literary views for the development of their faculties. There are separate common rooms for female students.

**Medical Center:**  
BUBT has a full-fledged Medical Centre for its students, faculty members and employees. There are two full-time doctors and two nurses in the center. The center has a number of beds along with all necessary equipments and facilities to provide necessary treatment including handling of emergency cases. The university provides free treatment and medicines to all who are in need of it.

**Blogs & Activities:**  
In BUBT there are several blogs and activity groups in the web which are administered by official admin groups from inside BUBT. A few of them relate to: Rover Activities, Social Welfare, Blood Donation etc. BUBT website has been recently updated as www.bubt.edu.bd. The website contains a complete projection of BUBT covering all aspects. BUBT students and alumni are also active in facebook.

**Alumni Association of BUBT:**  
BUBT has a vibrant Alumni Association. It organizes regular get-together of various intakes of students. It organizes annual picnic for the ex-students and connect them through a facebook page. Ex-students are placed in high positions in the various sectors of economy. They help BUBT students by providing internship and also job placement. Besides, the Alumni Association organizes various social programs and events including festivals. In the past, the alumnus responded to various social needs and calamities organising effective outreach programs to help the poor and deprived classes in our society.

**Career Guidance Office:**  
Career Guidance office (CGO) of BUBT has been established with only one clear common objective "Students' Wellbeing". The office works relentlessly as a team to create an environment that encourages students' learning, self development & self belief. Its vision is to focus on three aspects: career guidance, career information and career counseling. Along with the academic activities to produce ready marketable graduates for today's corporate world, the CGO has been playing a vital role to develop our students to survive efficiently in this increasingly competitive environment. To maximize career opportunities, CGO nurtures the ingrained creativity & talents of students to arrange and offer employability skills, workshop, professional seminars aiming to groom up their knowledge on their career development, enhance their level of knowledge & make their skills, understanding and update them in appropriate occupations. The CGO of BUBT has built up mutual partnership with a number of industries and organizations for internship, job placement and training.

**Student Focus:**  
BUBT in all its activities keep the students focused. Every program that it organizes both academic or extra-academic, students interest and their enhancement of skills are the primary concerns. The recruitment of quality faculty is made through stringent tests and their performance standards are evaluated. High quality faculty members with higher foreign degrees and a track record of university level teaching are included in the existing young talented faculty of BUBT. Student fees are kept low so that parents and guardians are not burdened heavily. Even these low fees are also collected in installments for the ease and benefit of the parents. Financial assistance and waivers are offered to deserving candidates on the basis of their academic results. A minimum of 12% students of the university get scholarships, stipends and tuition fee waiver. Full fees waiver is allowed to the sons and daughters of the freedom fighters. Additional ten per cent waiver is allowed to students of Dhaka Commerce College. Tuition fee waiver is also available for siblings and spouses. All classrooms, labs, library, cafeteria, prayer room and teachers' rooms are air-conditioned. Classrooms are fitted with multimedia, whiteboards and internet connections. BUBT campus is CCTV covered with metal detectors at each entry point. This is to ensure full monitoring of activities which ensure absolute security. BUBT campus is drug free. Anti-terrorism drives are given every month without fail. BUBT enforces strict discipline code and all its examinations are totally free of unfair means. Regular orientation programs are arranged for freshers and the new student is acquainted with BUBT culture. BUBT takes care of its students to provide all internship and job placement facilities through its Career Development Office. BUBT nurtures and develops its students to take up responsibilities of the future not only through academic development, but also by making them good human beings.

I am happy to know that Bangladesh University of Business and Technology (BUBT) is going to hold its 4th convocation on 10th October 2019 in Dhaka. On this occasion, I would like to congratulate the graduating students, their parents, faculty members and the university authority.

The Awami League government has persistently been working to turn Bangladesh into a middle income country by 2021 and a developed one by 2041. In this regard, we have attached top priority to education sector. A time-befitting and scientific 'National Education Policy' has been enacted to ensure quality education. We adopted 'Private University Act 2010' to boost up higher education facilities. Our government set up new schools, colleges and universities across the country during last ten and a half years. The opportunities for higher education and research have been widened in the country. Bangabandhu and Prime Minister Fellowships have been introduced to conduct research activities.

I hope that the graduating students of BUBT will play an important role in building a Sonar Bangladesh as dreamt by the greatest Bangalee of all times, Father of the Nation Bangabandhu Sheikh Mujibur Rahman.

I wish the 4th convocation of BUBT a grand success.

I am happy to know that Bangladesh University of Business and Technology (BUBT) is holding the 4th Convocation on October 10, 2019. On this occasion, I must congratulate the graduating students on their great success. I would also like to thank the guardians, teachers, officials and members of BUBT Trust for their effective role in achieving this success.

It is encouraging to know that BUBT is an all compliant university in the private sector, fulfilling all the conditions of the UGC and that BUBT has already started academic programs in its own campus in Rupnagar, Mirpur-2, Dhaka. I am delighted that BUBT has established a modern Language Lab under the HEQEP project. I hope, students of BUBT will make proper use of it in learning English in a scientific way. The Father of the Nation Bangabandhu Sheikh Mujibur Rahman's dream was to establish 'Sonar Bangla'. I am confident, graduating students of BUBT will contribute to make Bangladesh a 'Sonar Bangla' through their dedication, patriotism and professionalism.

I wish the 4th Convocation of BUBT a great success.

It is a privilege to be invited as the Convocation Speaker of Bangladesh University of Business and Technology (BUBT), a leading university in the private sector. I understand that BUBT has established itself as a unique institution of quality, committed to educate the new generation properly at an affordable cost.

I must congratulate the graduating students on their great success. Graduation is a solid foundation on which you have to build your future career. You have just crossed the first phase of your academic life. Now you should concentrate on the specialization in a field of study that will contribute to the development of the nation as well as your future life.

It is encouraging to note that Bangladesh is moving towards economic development. I hope, graduating students will come forward to shoulder the responsibility of making Bangladesh a land of peace and prosperity.

I wish the 4th Convocation of BUBT a great success.

On this special occasion of the 4th Convocation of Bangladesh University of Business and Technology (BUBT), I am taking this opportunity to congratulate all graduating students and their proud parents and also all those who have, over the years, steered the university to achieve its present success and credibility in the academic arena of Bangladesh.

BUBT was established in 2003 with a vision to bring the quality higher education to the door steps of the common people of our society at an affordable cost. It has been providing quality education, training and research facility to students since its very inception. At present we are working to bring positive changes in the field of higher education that will enable our students meet the needs of the modern society. Now BUBT has established itself as one of the leading universities in the private sector of the country. It has an academic collaboration and credit transfer facilities with a number of foreign universities. Recently BUBT signed an MoU with Central Queensland University, Australia for Ph.D Program of our young faculty members. At present BUBT is branded for quality education both at home and abroad and it is recognized by the global community. BUBT is a member of the Association of the Commonwealth Universities. It is a member of the International Association of Universities. It is also a member of the Management Development Institutions of South Asia.

In this era of globalization only theoretical knowledge from the books through traditional class room lectures is not sufficient for survival in an increasingly competitive world. In BUBT we are fully aware of it and we are committed to educate and guide our students in this direction, so that they can easily utilize their full career potentials, enhance their level of knowledge and make their skills up to date. We have been developing the Courses and Curricula attaching priority to both education and human resource development of our students, so that they can play a very significant role in contributing to the socio-economic development of Bangladesh.

Convocation ceremony is a memorable occasion for the graduating students. But it is also considered as the preparation for their practical life and the beginning of their professional careers. From today they are stepping into the more competitive world of the 21st Century that is very complex in nature. Therefore, they must be prepared to face even greater challenges in future. I am confident that the graduates of BUBT are aware of these and ready to work with courage, confidence, commitment and conviction for materializing their dreams into reality and for serving the nation and its people with dedication and a true spirit of patriotism.

I wish the graduating students a great success in their life and careers and the 4th Convocation of BUBT a grand success.

Professor Md. Abu Saleh
