Choking a stream to death

Land grabbers reduce the once 40-foot wide Myaksi Chhara in Bandarban to 5 feet

SANJOY KUMAR BARUA

Land grabbing and district administration's negligence have caused Bandarban's Myaksi Chhara to shrink into a narrow channel.

Residents of the hilly district fear that the stream will soon die and waterlogging will become a regular occurrence in parts of Bandarban town if immediate measures are not taken.

District administration sources blame some influential locals for the encroachment.

The sources said a group of top Awami League leaders in the district, including CHT Affairs Minister Bir Bahadur Ushwe Sing, Bandarban Awami League Finance Secretary Mahbubur Rahman, Municipality AL President Amal Das and Adviser to district AL Kajal Kanti Das, are involved in the grabbing.

They allegedly grabbed land on the banks of the stream and built multistoried commercial buildings there, the sources said.

Locals said the three-kilometre-long Myaksi Chhara, which flows into the Sangu river in Islampur area, was once used to be 40-foot wide, but now the width has shrunk to 5 feet.

People could not cast vote in last polls

Alleges Menon

STAR REPORT

Workers Party President Rashed Khan Menon yesterday alleged that people could not vote in the December 30 parliamentary polls.

"Although I was elected in the election, I am testifying that people couldn't cast their votes in that election. They couldn't vote in the union parishad and upazila parishad polls," he said.

The lawmaker was addressing a conference of the party's Barishal district unit in Barishal city. Workers Party is a component of the Awami League-led 14-party alliance.

Meanwhile, speaking at another programme in Natore, AL presidium member Mohammed Nasim yesterday said there would be tough elections in future and the leaders would have to be elected with people's votes.

In Barishal, Menon reminded the audience about the movement before

ABRAR MURDER Charge sheet to be flawless

Says home minister

STAFF CORRESPONDENT

A flawless charge sheet in Buet student Abrar Fahad murder case will be submitted very soon, said Home Minister Asaduzzaman Khan Kamal yesterday.

"It is a sad incident. We are all shocked by the murder. We will submit a flawless charge sheet very soon," the home boss said while addressing a programme at Film Development Corporation (FDC) in the capital.

"We are stunned to know how a scholar student of Buet faced such a consequence," Asaduzzaman added.

Abrar Fahad, a second-year student of the university's electrical and electronic engineering department, was beaten to death allegedly by some Chhatra League leaders at Sher-E-Bangla Hall between October 6 and October 7.

The minister once again cleared the government's firm stance saying that the ongoing crackdown against corruption and irregularities would be continued to ensure good governance in the country.

The government is working relentlessly in line with the zero-tolerance policy against corrupts, he said.

TUHIN MURDER A village afflicted by malice, rivalries

DWOHA CHOWDHURY, back from Derai in Sunamganj

While entering the Kejaura village in Sunamganj's Derai upazila, this correspondent noticed some scattered bricks lying on a road and a burflower (Kadam) tree nearby.

One would hardly find anything disturbing in the neighbourhood until he or she is informed that the bricks were put there to identify the bloodstained spot where five-year-old Tuhin Miah was brutally murdered on the night of October 13, and that his body found hanging from the burflower tree.

The bloodstains were washed away days ago, but the brutality the child faced is still haunting people across the country.

Police claim that the child was killed by his father, uncles and cousins to implicate their rivals came as another shocker.

But this is not the first time the villagers have witnessed a murder for implicating rivals.

At least two people were killed in similar incidents in the last 17 years and numerous other attempts were made to incriminate rivals in the village of 400 families.

The village, located in the eastern side of Kaliakota Haor, has long been experiencing a rivalry between the followers of former union parishad member Anwar Hossain and the family members of Abdul Mosobbir, uncle of Tuhin.

Multiple arbitration attempts were taken to resolve the dispute, but all those attempts failed due to some untoward incidents.

Back in June 2002, a man named Mujibur Rahman of nearby Madhupur village was killed in Kejaura village. The victim's father filed a case accusing Anwar Hossain, Tuhin's father Abdul Basir and 14 others.

The murder took place on June 8, just a day before an arbitration between the two groups was scheduled to take place.

Ancient 'lost city' found in Cambodia

CNN ONLINE

Researchers have identified the elusive ancient "lost city" of Cambodia for the first time, according to a report.

In a project that has spanned years, an international group of scientists used aerial laser scans and ground-based surveying to map Mahendraparvata, or the Mountain of Indra, King of the Gods.

Mahendraparvata was one of the first capitals in the Khmer Empire, which lasted from the 9th to 15th centuries AD, but much of what we know come from inscriptions recovered from other sites. Scientists theorized that the city was located on the Phnom Kulen plateau, about 48 kilometers (about 30 miles) north of Siem Reap, but it was difficult to find evidence. The plateau was remote, inaccessible, covered with vegetation, and potentially home to

Syria truce takes hold

Turkey, Kurds trade accusations of violations; top GOP leader criticises Trump's pullout move

AFP, Ras Al-Ain

Turkish and Kurdish leaders accused each other of violating a US-brokered truce in northeastern Syria even as it appeared to be taking hold on its second day yesterday.

The deal announced late Thursday is intended to halt a Turkish-led offensive against Kurdish forces launched on October 9, on condition they pull out of a "safe zone" on the Syrian side of the border.

The offensive has killed dozens of civilians, mainly on the Kurdish side, and prompted hundreds of thousands to flee their homes in the latest humanitarian crisis of Syria's eight-year civil war.

Yesterday, Turkey accused Kurdish forces of violating the truce.

"The Turkish armed forces fully abide by the agreement" reached on Thursday with the United States, the defence ministry said in a statement.

"Despite this, terrorists... carried out a total of 14 attacks in the last 36 hours," it said, using its usual term for Kurdish fighters.

The ministry said 12 of the attacks came in the battleground border town of Ras al-Ain, one in Tal Abyad and another in the Tal Tamr area.

Heavy weapons fell silent in Ras al-Ain after sporadic clashes on Friday evening, an AFP correspondent reported.

Turkish troops and its Syrian rebel proxies seized part of the town on Thursday, hitting a hospital.
