INKTOBER

Inktober comes with a few simple rules: a. Make a drawing in ink or with pencil, b. Post it on social media (or your refrigerator if you are so inclined), c. Use the hashtag #inktober, d. Repeat for rest of October. Inktober 2019 is a landmark year as the art challenge celebrates its tenth year. The challenge is just as big in Bangladesh as it is around the world. Our social media feeds have been blessed with Inktober's creativity over the past month. Here are some of our favourites.
