

# FOR A SCENIC RESPITE

**W**ITH its mesmerising scenic views, Kuakata Sea Beach offers a full sight of the sunrise and sunset. It's a fun place for tourists who in their hundreds throng it every day to bathe in the sea, play with the sand, feast on the delicious lobster, sea fish, and take photographs to have an everlasting memory of the moments. The number of tourists was low throughout the last few months, but tourism in the beach is gaining momentum again ahead of winter, the peak season. The photos were taken a couple of weeks ago.
