Get your winter on with Orion

In 2015, Orion footwear started their journey with the goal of becoming one of the most celebrated footwear brands by the year 2020.

With that target in mind, Orion always comes up with innovative fashion, trendy style, exciting offers, and attractive campaigns. Orion has innovative footwear fashion for those who are conscious and do not want any compromise with the trend. Maintaining that trendsetting image, Orion has started the "Winter is on" offer. This season, a new winter footwear collection will be available at every outlet of Orion. Special dedicated segments for

corporate, sports, and party shoes are the main attractions of this offer. From children to adults, everyone will find their next favourite footwear this time. Aside from the new footwear collection, this campaign includes a lucrative Tk 1,250 cashback on every purchase of Tk 2,500 or above. The offer is not limited to the outlets only, as it will also be available on Orion's online shop as well. Orion's brand ambassador, popular model and actress, Joya Ahsan, is representing the "Winter is on" offer, which will run through the season.
