

A 'difficult' balancing act

Experts say feeding the world while saving the planet not easy

THOMSON REUTERS FOUNDATION

Converting large areas of land for farming to boost food supplies increases planet-heating emissions and places a greater burden on poorer nations already bearing the brunt of climate change, researchers warned yesterday.

A study led by Arizona State University (ASU) analysed about 1,500 large land deals totalling 37 million hectares (91 million acres) - across Southeast Asia, Latin America, Africa and eastern Europe - showed that clearing the land for farming may have emitted about 2.3 gigatonnes of carbon emissions.

With regulations to limit land conversion or to protect forests, emissions could have been reduced to 0.8 gigatonnes, according to the study, published this month in the journal Nature Food.

"It's unrealistic to say that we can't convert more land, given that the world's population is growing, especially in developing countries," said Chuan Liao, assistant professor in ASU's School of Sustainability and the study's lead author. "But we still must minimise carbon emissions while pursuing agricultural development," he said.

A sharp increase in food prices in 2007 triggered a global rush for land to increase food security, with wealthier nations and multinational businesses snapping up land in poorer

nations. Worldwide, land is increasingly concentrated in fewer hands, mainly those of large agriculture businesses and investors, with the largest 1% of farms operating more than 70% of the world's farmland, according to a 2020 study.

While the socio-economic consequences of such deals have been apparent - including threats to the livelihoods of smallholder farmers - regulations to limit environmental damage are rare, as the goal is to boost food output, Liao said.

"Enforcing environmental policies does not reduce the amount of land that can be used for agricultural

development," he said.

"Yet it is difficult, given the host-country governments are so keen to catch up through agricultural development," he told the Thomson Reuters Foundation.

So it is best to balance the two needs by allowing agricultural development on lands with lower carbon values or low forest cover, and by revitalising abandoned farmlands to generate lower carbon emissions, he said. Total 2019 emissions of carbon dioxide equivalent (GtCO₂e) hit a record 59.1 gigatonnes, according to United Nations data.

Agriculture and deforestation account for nearly a quarter of greenhouse gas emissions globally - greater than the share of the transport sector.

The coronavirus pandemic has brought into sharp focus the impacts of rapid urbanisation and deforestation, which have also contributed to the spread of infectious diseases.

Last week, green group WWF said that the world has lost tropical forest equivalent to the size of California over a 13-year period to 2017, with commercial agriculture the leading cause of deforestation.

To meet growing food demand, it is necessary to raise output on existing croplands, and enforce laws to limit land conversion to "protect high-carbon-value forests while permitting agricultural development on low-carbon value land", Liao said.

ROAD ACCIDENT IN INDIA

Truck crushes 15 sleeping people

AFP, Ahmedabad

An out-of-control dumper truck crushed fifteen people to death as they slept by the roadside early yesterday in western India, authorities said.

The dead included a baby girl, eight women and six men, said police official Usha Rada in the Suraj district of Gujarat state. Six others were injured.

The truck collided with a tractor carrying sugarcane just after midnight at a crossroads. "The dumper driver... lost control of the vehicle and went off the road, crushing labourers sleeping on the roadside," a police official said.

The drivers of both the dumper truck and the tractor have been arrested, he added.

High-speed vehicles jostling with motorbikes, pedestrians and cyclists combine with poor infrastructure and poorly maintained vehicles to make India's roads treacherous. In 2019 more than 150,000 people died -- 410 every day or 17 an hour -- in almost half a million accidents, according to the government.

On Monday, Indian transport minister Nitin Gadkari said the country aims to halve road deaths and accidents by 2025.

Government of the People's Republic of Bangladesh College Education Development Project (CEDP) Cumilla Government Women's College Monohorpur, Cumilla-3500

Invitation for Tenders

1	Ministry/Division	Ministry of Education.
2	Agency	University Grants Commission/National University.
3	Procuring entity name	Principal, Cumilla Government Women's College.
4	Procuring entity code	N/A.
5	Procuring entity district	Cumilla.
6	Invitation for	Renovation and refurbishment of classrooms, teachers' leisure room and wash rooms.
7	Invitation Ref No.	CGWC/CEDPI/2021/36
8	Date	20/01/2021

KEY INFORMATION

9 Procurement method Open Tendering Method (National).

FUNDING INFORMATION

10 Budget and source of funds Development Budget (Government & IDA Credit).

11 Development partners International Development Association (IDA), World Bank.

PARTICULAR INFORMATION

12 Project code 224017200

13 Project name College Education Development Project (CEDP).

14 Tender Package No. W-02.

15 Tender package name Renovation and refurbishment of classrooms, teachers' leisure room and wash rooms.

16 Tender publication date 20/01/2021

17 Tender last selling date 10/02/2021

18 Tender closing date and time 11/02/2021; 2:00pm.

19 Tender opening date and time 11/02/2021; 2:30pm.

20 Name & address of the office Cumilla Government Women's College, Monohorpur, Cumilla-3500.

21 Selling tender document IDG Sub-Project Office, Auditorium Building (1st Floor), Cumilla Government Women's College, Monohorpur, Cumilla-3500.

22 Receiving tender document Cumilla Government Women's College, Monohorpur, Cumilla-3500.

23 Opening tender document Staff Council, 1st Floor, Cumilla Government Women's College.

24 Place/date/time of pre-tender meeting (optional) Will not be held.

INFORMATION FOR TENDERER

25 Eligibility of tenderer

1. The minimum number of years of general experience of the tenderer in the construction works as prime contractor or subcontractor or management contractor shall be 3 (three) years.

2. The minimum specific experience as a prime contractor or subcontractor or management contractor in building construction/extension/refurbishment works of at least 01 contract(s) successfully completed within the last 5 years, each with a value of at least Tk 22,00,000 (twenty-two lac).

3. The required average annual construction turnover shall be greater than Tk 30,00,000 (thirty lac) over the last 3 years.

4. The minimum amount of liquid assets i.e. working capital or credit line(s) of the tenderers shall be Tk 25,00,000 (twenty-five lac).

5. Other requirement mentioned in the tender document.

26 Brief description of goods Brick Work, Cement Plaster, Floor Tiles, Plastic Paint, Enamel & Weather Coat Paint, Wooden Shutter, Verandah Grill, False Ceiling etc.

27 Brief description of related services Related service shall be in accordance with Section 4: Particular Conditions of Contract, Section 6: Bill of Quantities.

28 Tender document price BDT 1,500.00 (one thousand five hundred).

29 Lot No. Identification of lot Location Tender security amount (Tk) Completion time in months

01 Renovation and refurbishment of classrooms, teachers' leisure room and wash rooms Cumilla Government Women's College, Monohorpur, Cumilla 85,000.00 (BDT eighty-five thousand) 02 months

30 Name of official inviting tender Professor Md. Jamal Nasser.

31 Designation of official inviting tender Principal.

32 Address of official inviting tender Cumilla Government Women's College, Monohorpur, Cumilla-3500.

33 Contact details of official inviting tender Tel: 08165853 Fax: E-mail: cgwc_1960@gmail.com

34 The procuring entity reserves the right to accept or reject all tenders without assigning any reason whatsoever.
