

CONGRATULATIONS, THE DAILY STAR!

Wartsila Bangladesh congratulates The Daily Star on its 30th anniversary. We would also like to congratulate Bangladesh on the nation's 50th anniversary. We are proud to take part in the development of modern energy infrastructure of this magnificent country.

Wartsila Energy leads the transition towards a 100% renewable energy future. We help our customers unlock the value of the energy transition by optimising their energy systems and modernising their assets. Our offering includes smart grids, power plants, energy management systems, and storage, all of which provide access to a more efficient, cleaner and greener performance.
