CRAFTING THE COMMERCIAL LANDSCAPE OF THE CAPITAL

KARSHIMA MAHTEZ, Dhaka

The ever-growing and rapidly urbanizing Dhaka city has become a thriving destination for businesses and corporate houses in the last few decades with modern skyscrapers and commercial complexes.

The cosmopolitan city is now revolutionizing the urban landscape of the country with the help of commercial real estate developments that has taken Dhaka city to newer heights. Rangs Properties Limited, a key player in the industry has created a benchmark in crafting the urban prospect of Dhaka's scintillating skyline by developing modern, uniquely designed and global standard

commercial complexes that transformed into landmarks since decades.

With over 200 distinctive projects glistening in Dhaka's landscape, Rangs Properties made a mark in bringing innovation to its designs through the successful handovers of many esteemed landmarks that still stand tall and erect. With the core purpose of bringing forth a revolution in design thinking and contemporary architecture in Bangladesh, they have the highest number of projects in the Gulshan vicinity that has shaped the commercial capital till date.

In the midst of Tejgaon, Rangs Babylonia, a coveted business complex at the most strategic location, is by far one of the finest creations of Rangs Properties Ltd. The rugged and fair-faced exterior echoes a tale of architectural boldness combined with the immaculate geometry of the design.

Rangs FC Square, standing on one of the most hyped region hubs of Gulshan Avenue, project houses commercial shops, restaurants and vibrant lifestyle brands at the heart of the most bustling area of Dhaka.

RD Square, is another high-end office space in Gulshan. Its unique concierge ensures a warm, personalized welcome to every visitor.

Eminence, a contemporary and strikingly designed commercial projects of Rangs Properties, is located at one of the prime locations of Dhanmondi. The location speaks for itself in terms of its modern amenities being at arm's length, the vibrant neighborhood and a stunning

visual treat in this city of concrete.

Currently, Rangs Properties is also spearheading the construction of many other prospective commercial complexes under its belt to reshape the capital's urbanization saga such as Atrium, RK square, Z Square, AK Square, KM Square, Arwandale at locations like Dhanmondi, Uttara, Baridhara, Gulshan, etc.

Atrium, an ongoing project, designed to reshape the iconic Dhanmondi landscape, will offer companies a prestigious address at the heart of the financial capital. Not only does it offer an ideal business environment for organizations, but also the only location that enjoys connectivity with the rest of the capital. Besides, another ongoing project RK Square, located at South Gulshan Avenue, one of Dhaka's most exciting metropolis, gives the top institutions a cutting-edge infrastructure to match their global stature. Crafted to be an intelligent, innovative and intuitive workspace, RK square stands tall in Dhaka's premier commercial precinct.

At RPL, structures are made by instilling human-centered design and technology to create the resilient, connected, smart designs of the future. With an urban vision, Rangs Properties is shaping the way to live, learn, and move in modern cities.
