

HC summons forensics head of DMCH

STAFF CORRESPONDENT

The High Court yesterday summoned the head of Dhaka Medical College Hospital's (DMCH) forensics department to appear before it on April 1 for not releasing the autopsy report in a Gazipur murder case in more than 16 months.

The court asked him to appear before it to explain why his office has failed to give the report on postmortem of Al Amin, who was killed in November 2019, to the investigation officer.

The bench of M Enayetur Rahim and Md Mostafizur Rahman issued the summons while hearing a bail petition by Habibur Rahman, an accused.

Deputy Attorney General Sarwar Hossain Bappi said Al Amin was killed on November 7, 2019.

His autopsy was conducted at DMCH the following day. A murder case was filed with on November 8, 2019 against Habibur and others.

The IO informed HC that he applied for the postmortem report thrice, but to no avail, said Sarwar.

Tk 2,000CR MONEY LAUNDERING CASE Decision on charges against Babar, nine others on Apr 1

COURT CORRESPONDENT

A Dhaka court will decide on April 1 whether to accept charges against 10 people, including Khandaker Mohtesam Hossain Babar, brother of former minister Khandaker Mosharraf Hossain, in a Tk 2,000 crore money laundering case.

After receiving the case dockets and other relevant documents, Judge KM Emrul Kayesh of the Senior Special Judge's Court of Dhaka yesterday set the date, court sources said.

The judge also asked the jail authorities to produce the accused, now in jail, before his court on that date.

The other accused include Sajjad Hossain Barkat, former general secretary of Faridpur town Awami League unit, and his brother Imtiaz Hasan alias Rubel, former president of Faridpur Press Club; Khandaker Mosharraf's assistant personal secretary and former convener of Faridpur district Jubo League AHM Fuad, former Faridpur town Jubo League president Khandakar Nazmul Islam Levi, former general secretary of Faridpur town unit Jubo League Ashiqur Rahman Farhan, general secretary of Faridpur district Swachhshabak League Fahad Bin Wazed Fahim, former joint convener of Faridpur town Jubo League Kamrul Hasan David, district Jubo League joint convener Mohammad Ali Minar and Faridpur town Jubo League joint convener Tariqul Islam Nasim.

Of them, Barkat, Rubel, Levi and Farhan are now in jail. Barkat was expelled from the AL after his arrest. Barkat and Rubel amassed Tk 2,535.11 crore beyond their sources of income, said the case documents.

Babar, now vice president of Faridpur district Awami League, Fuad, Fahim, David, Minar and Nasim were shown fugitive accused in the charge sheet. The names of Babar and five others were included as Barkat, Rubel, Farhan and Levi named them in confessional statements to magistrates.

Uttam Kumar Biswas, assistant superintendent of police of the CID and also the investigation officer (IO), on March 3, submitted the charge sheet to the Chief Metropolitan Magistrate's Court of Dhaka. The IO appealed to the court to exonerate 10 others earlier arrested in connection with the case, as they were not found to be involved in the money laundering.

Janakantha journos seek PM's intervention

Demand stop to wholesale termination, wage board implementation and salary increment

STAFF CORRESPONDENT

A group of journalists of daily Janakantha yesterday demanded intervention of the prime minister in stopping wholesale termination and implementation of wage board at the newspaper.

Under the banner of "Janakantha Sangbadik Oikya Parishad", they made the demand at a press conference held at the office of Dhaka Union of Journalists (DUJ). Rajan Bhattacharya, senior reporter and chief of DUJ Janakantha unit, read out a statement, where he said wholesale termination at the newspaper has started.

Authorities of Janakantha prepared a list of 60 journalists on Monday, the first day of the termination, and issued the termination letter to 26 of them through email, he said.

As DUJ started to protest in front of Janakantha Bhaban since Monday afternoon, they did not issue any more termination letter, he said. Rajan said they held the movement from 4pm to 2am, where many journalists took part.

He said since the last eight years there's been no promotion or increment at Janakantha and most journalists of the newspaper are not under the wage board. Rajan said they asked the newspaper

authorities to implement a wage board for all as well as promotion and salary increment following trade union law. But the authorities terminated them instead of realising their demands, he added.

Rajan said they had met the home minister under the leadership of DUJ president Quddus Afrad and general secretary Sajjad Alam Khan Tapu on Monday night and the home minister spoke with the information minister several times over phone in this regard.

"We were informed that a tripartite meeting among the government, owner [of Janakantha] and DUJ will be held on March 20 to resolve the issue. We have stopped our movement until then," he said.

Showing solidarity with the journalists of Janakantha, eminent journalist and columnist Abdul Gaffar Chowdhury yesterday announced that he will not write any column for the daily if its authorities do not withdraw the termination of the journalists.

He made the remark through an email sent from London on Monday.

Senior counsel, Rakanuddin Mahmud, prayed to the HC bench to exempt his clients from personal appearance before the court.

Petitioners' lawyer Md Yousuf Ali told the HC that the compliance report given by Dr Yunus and Ashraful is not true as his clients (petitioners) are not being allowed to work for the office.

The HC on February 18 summoned Dr Yunus and Ashraful to virtually appear before the bench yesterday to place an explanation over not complying with its order to reinstate 38 employees in the organisation.

The court also issued a rule upon the defendants to explain why contempt of court proceedings should not be brought against them.

The HC bench came up with the order and rule following a contempt of court petition filed by Md Kamruzzaman, one of the 38 terminated employees, on February 8.

"Even after the 50 years of Liberation we are holding protest for the right of freedom of expression. What else can be more shameful than this?" said Mirza.

She said though the country's economy has made tremendous progress, poor people and farmers are not getting its benefit.

Tension mounts

Asked how many followers of Mohiuddin have been elected councillors this time, he said the number is not less than 35.

Meanwhile, councillor (Ward-20/Dewan Bazar) Chowdhury Hasan Mahmud Hasni said he would vie for the panel mayor post. "I had been elected panel mayor twice...I think councillors would consider that and vote for me," he said.

He, however, said there was no such issue of polarisation amid the councillors. Hasni is known to be a follower of AIM Nasir Uddin.

"There is no rivalry among us over the issue [of election]. Any councillor can declare their candidacy," he said. "It's not important who is a follower of whom... we are public representatives...The eligible candidates will be elected, I think," he added.

Contacted, councillor (Ward-32/Anderkilla) Jahar Lal Hazari said, "I'm an experienced councillor, and I think I am eligible for the panel mayor post." Known as a follower of Mohiuddin, Hazari also said there's no rivalry over the panel mayor elections.

Asked what is the role of a panel mayor, AF Kabir Ahmed Manik, a former councillor, said panel mayors do not have any executive or financial power.

"If the mayor goes abroad, he may entrust a panel mayor to look after the routine works of the city corporation. But the panel mayors do not have any decision-making power," said Manik.

When asked -- then what could be the reason behind this so called polarisation or rivalry, Manik said the post of panel mayor could be vital when the mayor falls in trouble.

For example, if the mayor is arrested and sent to jail, the government then can appoint a panel mayor to continue the duty of the mayor. "Otherwise, they do not have any power, and at best, they can introduce themselves as a panel mayor to people," he said.

For the last two years, the Boimela took place on an 800 sq ft area. This has been increased by another 700 sq ft. This is mostly due to the need for social distancing in the times of coronavirus. To thwart its threat, masks have been declared mandatory, while there will be sanitiser available at the gates, they added.

There will also be four different entrances to the Boimela, along with parking facilities.
